WHEREAS, subsequent to the incorporation of the City of Lakewood, the City Council established a garbage collection utility to operate within the City, and provided for rates for garbage collection services in an Ordinance codified as Chapter 13.06 of the Lakewood Municipal Code; and,

WHEREAS, in conjunction with the establishment of the garbage collection utility, the City Council entered into a contract for garbage collection services with a garbage collection services provider, Lakewood Refuse Services, Inc., whereby the City's contract garbage collection service would provide the garbage collection services for and on behalf of the City's utility; and,

WHEREAS, in connection with the utility rates, the contract provided for compensation to the contract service provider dependent upon collection of those utility rates; and,

WHEREAS, as a part of the rate based compensation to be paid to the contract service provider, the contract negotiated between the City and the contract service provider included a four percent (4%) increase in collection rates to be effective April 1, 1997, with subsequent increases in rates after December 1997 being limited to no more often than once every three (3) years during the term of the contract, excluding pass through rates such as landfill charges; and,
