

Ordinance No. 00463

[City Council meeting minutes of Dec 17 2007](#)

ORDINANCE NO. 463

AN ORDINANCE granting Lakeview Light and Power, A non-profit corporation, its successors and assigns, the right, privilege, authority and franchise to set, erect, lay, construct, extend, support, attach, connect, maintain, repair, replace, enlarge, operate and use Facilities in, upon, over, under, along, across and through the Franchise Area to provide for the transmission, distribution of electric energy for power, heat and light, and any other purposes for which electric energy may be used.

NOW, THEREFORE, for and in consideration of the mutual benefits and the terms and conditions of the below Franchise agreement, THE CITY COUNCIL OF THE CITY OF LAKEWOOD, WASHINGTON DO ORDAIN, AS FOLLOWS:

Section 1. Definitions.

1.1 Where used in this franchise (the "Franchise") the following terms shall mean:

1.1.1 "LAKEVIEW LIGHT AND POWER" means Lakeview Light and Power, Inc., a Washington corporation, and its successors and assigns.

1.1.2 "City" means the City of Lakewood, an optional code city of the State of Washington, and its successors and assigns.

1.1.3 "Days" means calendar days.

1.1.4 "Franchise Area" means any, every and all of the roads, streets, avenues, alleys and highways of the City as now laid out, platted, dedicated or improved; and any, every and all roads, streets, avenues, alleys and highways that may hereafter be laid out, platted, dedicated or improved within the present limits of the City and as such limits may be hereafter extended.

1.1.5 "Facilities" means, collectively, any and all electric transmission and distribution systems, including but not limited to, poles (with or without crossarms), wires, lines, conduits, cables, braces, guys, anchors and vaults, meter-reading devices, fixtures, and communication systems; and (iii) any and all other equipment, appliances, attachments, appurtenances and other items necessary, convenient, or in any way appertaining to any and all of the foregoing, whether the same be located over or under ground. Fiber optic lines shall be considered "facilities" as well as any fiber optic lines within the franchise area. The parties intend to have one franchise agreement which addresses both electric and fiber optic transmission.

1.1.6 "Ordinance" means Ordinance No. 463 which sets forth the terms and conditions of this Franchise.

1.1.7 "Public Works Director" means the head of the Public Works Department or his/her designee.

Section 2. Facilities Within Franchise Area.

2.1 The City does hereby grant to LAKEVIEW LIGHT AND POWER the right, privilege, authority and franchise to set, erect, lay, construct, extend, support, attach, connect, maintain, repair, replace, enlarge, operate and use Facilities in, upon, over, under, along, across and through the Franchise Area to provide for the transmission, distribution and sale of electric energy for power, heat, light and such other purposes for which electric energy may be used. This is to include fiber optic lines to connect with City facilities.

Section 3. Noninterference of Facilities.

3.1 LAKEVIEW LIGHT AND POWER's Facilities shall be located, constructed, installed, maintained and repaired within the Franchise Area in accordance with applicable safety standards, and so as not to unreasonably interfere with the free and safe passage of pedestrian and/or vehicle traffic therein or with the reasonable ingress or egress to properties abutting thereto and in accordance with the laws of the State of Washington. LAKEVIEW LIGHT AND POWER shall exercise its rights within the Franchise Area in accordance with applicable City codes and ordinances governing use and occupancy of the Franchise Area; provided, however, in the event of any conflict or inconsistency of such codes and ordinances with the terms and conditions of this Franchise, the terms and conditions of this Franchise shall govern and control; provided, further, nothing herein shall be deemed to waive, prejudice or otherwise limit any right of appeal afforded LAKEVIEW LIGHT AND POWER by such City codes and ordinances.

3.2 In the event that the Public Works Director reasonably determines, after providing written notice to LAKEVIEW LIGHT AND POWER and a reasonable opportunity for LAKEVIEW LIGHT AND POWER to respond to his or her concerns, that any one or more of LAKEVIEW LIGHT AND POWER's Facilities within the Franchise Area interferes with the free and safe passage of pedestrian and/or vehicular traffic therein or with the reasonable ingress or egress to properties abutting thereto, then LAKEVIEW LIGHT AND POWER shall promptly take such action as is reasonably necessary to eliminate such interference. In so doing, the City shall fully cooperate with LAKEVIEW LIGHT AND POWER. In the event such interference requires relocation of LAKEVIEW LIGHT AND POWER facilities within the Franchise Area, such relocation shall be accomplished in accordance with Section 9 below. Any such interference, resulting from new development, with ingress or egress to properties abutting the Franchise Area in proximity to LAKEVIEW LIGHT AND POWER's Facilities existing within the Franchise Area prior to the development shall be subject to Section 9.6.

3.3 During the term of this Franchise and with respect to poles which are Facilities and which are wholly owned by LAKEVIEW LIGHT AND POWER and which are within the Franchise Area, the City may, subject to LAKEVIEW LIGHT AND POWER's prior written consent, which consent shall not be unreasonably withheld, install and maintain City-owned overhead wires upon such poles for signal interconnect and to provide for communications for a security system for the Lakewood Sounder Station located on Pacific Hwy. SW. The foregoing rights of the City to install and maintain such wires are further subject to the following:

3.3.1 Such installation and maintenance shall be done by the City at its sole risk and expense in accordance with all applicable laws (including, but not limited to, RCW 70.54.090), and subject to such reasonable requirements as LAKEVIEW LIGHT AND POWER may specify

from time to time (including without limitation, requirements accommodating LAKEVIEW LIGHT AND POWER's Facilities or the facilities of other parties having the right to use LAKEVIEW LIGHT AND POWER's Facilities); and

3.3.2 LAKEVIEW LIGHT AND POWER shall have no obligation under Section 12 (or arising under the purview of Section 12) in connection with any City-owned wires so installed or maintained.

3.3.3 LAKEVIEW LIGHT AND POWER shall not charge the City a fee for the use of such poles as a means of deriving revenue therefrom; provided however, nothing herein shall require LAKEVIEW LIGHT AND POWER to bear any cost or expense in connection with such installation and maintenance by the City including LAKEVIEW LIGHT AND POWER's administrative review of and consent to City's request to make use of such poles.

3.3.4 All installation of City-owned wires shall be done by a qualified contractor with approval by the State electrical inspector and in accordance with all applicable regulations including but not limited to the National Electric Safety Code.

3.3.5 If any work by City contractors or the City involving the installation and maintenance of City-owned wires shall cause Lakeview Light and Power to replace a utility pole, the City shall reimburse Lakeview Light and Power for the cost of such.

Section 4. Dangerous Conditions, Authority for the City to Abate

4.1 In the event that LAKEVIEW LIGHT AND POWER's Facilities or operations cause or contribute to a condition that appears to endanger any person or substantially impair the lateral support of the Franchise Area or public or private property adjacent thereto, the Public Works Director may direct LAKEVIEW LIGHT AND POWER, at no charge or expense to the City, to promptly take such action as may be reasonably necessary to resolve such condition to eliminate such endangerment. Such directive may include compliance within a prescribed period of time.

4.2 In the event LAKEVIEW LIGHT AND POWER fails to promptly take action as directed by the City pursuant to Section 4.1, or fails to fully comply with such direction, or if emergency conditions exist which require immediate action to prevent imminent injury or damage to persons or property, the City may take action as it reasonably believes is necessary with respect to LAKEVIEW LIGHT AND POWER's Facilities or operations to protect persons or property and in such event LAKEVIEW LIGHT AND POWER shall be responsible to reimburse the City for its costs incurred in so doing.

Section 5. Permit Required

5.1 Whenever LAKEVIEW LIGHT AND POWER works in the Franchise Area for purposes of installation, construction, repair, maintenance or relocation of its Facilities, it shall apply to the City for a permit to do so in accordance with all ordinances and regulations of the City. In no case shall any such work commence within the Franchise Area without a permit, except as otherwise provided in this Franchise.

5.2 LAKEVIEW LIGHT AND POWER shall at all times post and maintain proper barricades and comply with all applicable safety regulations during any period of construction or maintenance activities within the right-of-way as required by City or state regulations, including RCW 39.04.180, for the construction of trench safety systems.

5.3 In the event of any emergency where any Facilities located in the Franchise Area are broken or damaged, or if LAKEVIEW LIGHT AND POWER's work area within the Franchise Area is in such a condition as to endanger any person or property, LAKEVIEW LIGHT AND POWER shall immediately take any necessary emergency measures to repair or remove its Facilities or otherwise make its work area safe without first applying for and obtaining a permit as required by Section 5.1. This provision shall not relieve LAKEVIEW LIGHT AND POWER from later obtaining any necessary permit for the emergency work. LAKEVIEW LIGHT AND POWER shall apply for the required permit the next business day following the emergency work or, in the case of an extended state of emergency, as soon thereafter as practical.

Section 6. Restoration

6.1 LAKEVIEW LIGHT AND POWER shall, after any installation, construction, relocation, maintenance, or repair of Facilities within the Franchise Area, promptly restore the Franchise Area to at least the same condition as existed immediately prior to any such installation, construction, relocation, maintenance or repair in accordance with City standards at its sole cost and expense. All survey monuments which are to be disturbed or displaced by such work shall be referenced and restored per WAC 332-120, as the same now exists or may hereafter be amended, and all pertinent federal, state and City standards and specifications. The Public Works Director shall have final approval of the condition of the Franchise Area after restoration.

6.2 If it is determined that LAKEVIEW LIGHT AND POWER has failed to restore the Franchise Area in accordance with Section 6, the City shall provide LAKEVIEW LIGHT AND POWER with written notice including a description of actions the City reasonably believes necessary to restore the Franchise Area. If the Franchise Area is not restored in accordance with the City's notice within thirty (30) days of that notice, the City, or its authorized agent, may restore the Franchise Area. LAKEVIEW LIGHT AND POWER shall be responsible for all costs and expenses incurred by the City in restoring the Franchise Area in accordance with this section. The remedy granted to the City under this section shall be in addition to those otherwise provided by this Franchise.

6.3 All work by LAKEVIEW LIGHT AND POWER pursuant to this Section 6 shall be performed in accordance with the permit issued by the City, together with the laws of the State of Washington, Lakewood Municipal Code and applicable regulations and standards of the City as the same now exists or as may be hereafter amended or superseded.

Section 7. Bonding Requirement

7.1 Before undertaking any of the work authorized by this Franchise, LAKEVIEW LIGHT AND POWER shall furnish an ongoing performance bond executed by LAKEVIEW LIGHT AND POWER and a corporate surety authorized to do surety business in the State of Washington, in a sum to be set and approved by the Public Works Director as reasonably sufficient to ensure performance of LAKEVIEW LIGHT AND POWER's obligations under this Franchise. The bond shall be conditioned so that LAKEVIEW LIGHT AND POWER shall observe all the covenants, terms and conditions and faithfully perform all of the obligations of this Franchise, and to restore or replace any defective work or materials discovered in the restoration of the Franchise Area within a period of two (2) years from the final City inspection date of any such restoration. LAKEVIEW LIGHT AND POWER may meet the obligations of this section with one (1) or more bonds acceptable to the City. In the event that a bond furnished pursuant to this section is canceled by the surety, after proper notice and pursuant to the terms of said bond, LAKEVIEW LIGHT AND POWER shall, prior to the expiration of said bond, procure a replacement bond which complies

with the terms of this section.

7.2 With respect to undertaking any of the work authorized by this Franchise, in the event LAKEVIEW LIGHT AND POWER fails to perform its obligations under this Franchise and further fails to cure its deficiency within a reasonable period of time after receipt of written notice of such deficiency by the City, then the City may use any bond(s) furnished by LAKEVIEW LIGHT AND POWER pursuant to Section 7.1 to cure such deficiency. Neither the amount of such bond(s) nor the City's use thereof shall limit the City's full recovery from LAKEVIEW LIGHT AND POWER of costs incurred by the City to cure such deficiency.

7.3 In the event the City makes use of such bond(s) furnished by LAKEVIEW LIGHT AND POWER pursuant to Section 7.2, the City shall promptly provide written notice of same to LAKEVIEW LIGHT AND POWER. Within thirty (30) days of receipt of such notice, LAKEVIEW LIGHT AND POWER shall replenish or replace such bond(s) as provided in Section 7.1.

7.4 The rights reserved to the City by this Section 7 are in addition to other rights of the City whether reserved by this Franchise or authorized by law, and no action, proceeding, or exercise of right under this Section 7 shall constitute an election or waiver of any rights or other remedies the City may have.

Section 8. Underground Installation of Facilities

8.1 This Section 8 shall govern all matters related to underground installation of LAKEVIEW LIGHT AND POWER's Facilities within the Franchise Area.

8.2 LAKEVIEW LIGHT AND POWER acknowledges that the City desires to promote a policy of underground installation of Facilities within the Franchise Area. LAKEVIEW LIGHT AND POWER will cooperate with the City in the formulation of policy and development regulations concerning underground installation of LAKEVIEW LIGHT AND POWER's Facilities within the Franchise Area.

8.3 New extensions of electric Facilities that operate at 15,000 volts (15kV) or less constructed by LAKEVIEW LIGHT AND POWER within the Franchise Area during the term of this Franchise shall be located underground of this Agreement provided that extensions of existing overhead Facilities of up to five spans or 500 feet (whichever is less) may, subject to the City's prior written consent which shall not be unreasonably withheld, be installed overhead in locations having other existing overhead utilities.

8.4 If, during the term of this Franchise, the City shall direct LAKEVIEW LIGHT AND POWER to replace (convert) its overhead electric distribution Facilities (15kV or less) then existing within the Franchise Area with underground Facilities, such underground conversion shall be arranged and accomplished subject to and in accordance with the requirements of this section.

(i) Whenever the City may require the undergrounding of the aerial facilities in an area of the City in conjunction with a Public Works Improvement Project and the City provides sufficient right-of-way to accommodate the above-ground improvements incidental to underground facilities, including but not limited to transformers, switch gear and power vaults, and their requisite set-backs, LAKEVIEW LIGHT AND POWER agrees to cooperate with the City in the City's proposal to underground the aerial facilities as follows:

(a) Forty percent (40%) of the total actual cost of converting the existing overhead primary electrical distribution system to underground shall be provided by the City. The total actual cost shall include labor, trenching, vaults, conduit, cable, switch gears, transformers, restoration and any other expenses mutually agreed upon.

(b) Sixty percent (60%) of the total actual cost of converting the existing overhead primary electrical distribution system to underground shall be provided by the LAKEVIEW LIGHT AND POWER. The total actual cost shall include labor, trenching, vaults, conduit, cable, switch gears, transformers, restoration and any other expenses mutually agreed upon.

(c) Any charges made against the project for undergrounding the secondary services such as telephone, fire alarm, cable TV and street lighting circuits will not be included when determining the amount to be paid by LAKEVIEW LIGHT AND POWER. In making this determination, any costs for work which is also necessary for undergrounding other systems shall be fairly and proportionately allocated among the affected service providers.

(d) Conversion of the secondary electrical service on private property is not included in the project. The City will be responsible for ensuring that customer service is converted to underground prior to the removal of overhead facilities.

8.5 In the event that insufficient right-of-way is available to allow relocation of LAKEVIEW LIGHT AND POWER's existing aerial system due to the requirements for a City Public Works Project, and undergrounding is therefore required, all of the above provisions shall apply.

Notwithstanding anything to the contrary in this Section, this Section shall not apply to high voltage lines of greater than 15 KV.

Section 9 Relocation of Facilities.

9.1 Whenever the City undertakes (or causes to be undertaken at City expense) the construction of any public works improvement within the Franchise Area, or the Public Works Director reasonably determines that LAKEVIEW LIGHT AND POWER's Facilities interfere with the free and safe passage of pedestrian and/or vehicular traffic pursuant to Section 3 above, and such public works improvement or interference necessitates the relocation of LAKEVIEW LIGHT AND POWER's Facilities then existing within the Franchise Area, the City shall:

(i) provide LAKEVIEW LIGHT AND POWER, within a reasonable time prior to the City's commencement of activities requiring such public works improvement, written notice requesting such relocation; and

(ii) provide LAKEVIEW LIGHT AND POWER with copies of relevant portions of the City's plans and specifications for such public works improvement.

After receipt of such notice and such plans and specifications, LAKEVIEW LIGHT AND POWER shall relocate such Facilities within the Franchise Area at no charge to the City. If, during the construction of any such public works improvement, an emergency posing a threat to public safety or welfare, or a substantial risk of severe economic consequences to the City, arises requiring the relocation of LAKEVIEW LIGHT AND POWER's Facilities within the Franchise Area, the City shall give LAKEVIEW LIGHT AND POWER notice of the

emergency as soon as reasonably practicable. Upon receipt of such notice from the City, LAKEVIEW LIGHT AND POWER shall endeavor to respond as soon as reasonably practicable to relocate the affected Facilities at no charge to the City.

9.2 The City shall act in good faith and shall use its best efforts to provide sufficient space within the Franchise Area for the safe and efficient installation, operation, repair and maintenance of the relocated and/or underground converted Facilities. LAKEVIEW LIGHT AND POWER shall act in good faith and shall use its best efforts to install relocated and/or underground converted Facilities in such space within the Franchise Area, consistent with prudent utility practice. If the City and LAKEVIEW LIGHT AND POWER agree that there is not sufficient space for the relocated and/or underground converted Facilities in the existing Franchise Area, then, unless otherwise mutually agreed by the City and LAKEVIEW LIGHT AND POWER, the City shall provide sufficient space for the relocated and/or underground converted Facilities by obtaining additional right-of-way or other equivalent rights mutually agreeable to the City and LAKEVIEW LIGHT AND POWER, which shall be Franchise Area, title of which shall be in the City's name.

9.3 LAKEVIEW LIGHT AND POWER may install relocated and/or underground converted Facilities on property outside of the Franchise Area, the rights for which shall be obtained by LAKEVIEW LIGHT AND POWER at no expense to the City, if:

(i) notwithstanding the use of best efforts by the City and LAKEVIEW LIGHT AND POWER as outlined above, the City and LAKEVIEW LIGHT AND POWER do not agree whether there is or will be sufficient space within the Franchise Area for the relocated and/or underground converted Facilities, or

(ii) locating such relocated and/or underground converted Facilities within such space within the Franchise Area would be inconsistent with prudent utility practice.

The City and LAKEVIEW LIGHT AND POWER shall each act in good faith and use their respective best efforts to mutually agree on the location of such relocated and/or underground converted Facilities outside of the Franchise Area. Absent such mutual agreement, nothing in this Section 4 shall limit the rights of the City or LAKEVIEW LIGHT AND POWER with respect to acquisition or use of property rights outside of the Franchise Area.

9.4 If the City requires the subsequent relocation of any Facilities within six (6) years from the date of relocation of such Facilities pursuant to Sections 9.1-9.3, the City shall reimburse LAKEVIEW LIGHT AND POWER for all costs incurred by LAKEVIEW LIGHT AND POWER in connection with such subsequent relocation.

(i) In order to assist with coordination of planning and projects, the City shall in a timely manner and on an annual basis provide Lakeview Light and Power with the most recent versions of the City's Capital Facilities Plan and Six Year Transportation Improvement Plan.

9.5 LAKEVIEW LIGHT AND POWER shall have the right as a condition of any relocation described in this Section 9.5 to require such person or entity other than the City to make payment to LAKEVIEW LIGHT AND POWER, at a time and upon terms acceptable to LAKEVIEW LIGHT AND POWER, for any and all costs and expenses incurred by LAKEVIEW LIGHT AND POWER in the relocation of LAKEVIEW LIGHT AND POWER's Facilities whenever:

(i) any person or entity, other than the City, requires the relocation of LAKEVIEW LIGHT AND POWER's Facilities to accommodate the work of such person or entity within the Franchise Area, including but not limited to, activities relating to development, roadway frontage improvements or mitigation of impacts; or

(ii) the City requires any person or entity to undertake work (other than work undertaken at the City's cost and expense) within the Franchise Area and such work requires the relocation of LAKEVIEW LIGHT AND POWER's Facilities within the Franchise Area.

This section is intended to include work funded by the creation of a local improvement district (LID).

9.6 Any condition or requirement imposed by the City upon any other person or entity (including, without limitation, any condition or requirement imposed pursuant to any contract or in conjunction with approvals or permits obtained pursuant to any zoning, land use, construction or other development regulation) which requires the relocation of LAKEVIEW LIGHT AND POWER's Facilities within the Franchise Area shall be a condition or requirement causing relocation of LAKEVIEW LIGHT AND POWER's Facilities to occur subject to the provisions of Section 9.5 above; provided, however:

(i) in the event the City reasonably determines and notifies LAKEVIEW LIGHT AND POWER that the primary purpose of imposing such condition or requirement upon such person or entity is to cause the construction of a public works improvement within a segment of the Franchise Area on the City's behalf, and

(ii) such public works improvement is otherwise reflected in the City's adopted Six-Year Capital Improvement Program; Transportation Improvement Program; or Transportation Facilities Program;

then only those costs and expenses incurred by LAKEVIEW LIGHT AND POWER in connecting such relocated Facilities with LAKEVIEW LIGHT AND POWER's other Facilities shall be paid to LAKEVIEW LIGHT AND POWER by such person or entity, and LAKEVIEW LIGHT AND POWER shall otherwise relocate its Facilities within such segment of the Franchise Area in accordance with Sections 9.1-9.3.

9.7 As to any relocation of LAKEVIEW LIGHT AND POWER's Facilities whereby any part of the cost and expense thereof is to be borne by LAKEVIEW LIGHT AND POWER in accordance with Sections 9.1-9.3, LAKEVIEW LIGHT AND POWER may, after receipt of written notice requesting such relocation, submit in writing to the City alternatives to relocation of its Facilities. Upon the City's receipt from LAKEVIEW LIGHT AND POWER of such written alternatives, the City shall evaluate such alternatives and shall advise LAKEVIEW LIGHT AND POWER in writing if one or more of such alternatives is suitable to accommodate the work which would otherwise necessitate relocation of LAKEVIEW LIGHT AND POWER's Facilities. In evaluating such alternatives, the City shall give each alternative proposed by LAKEVIEW LIGHT AND POWER full and fair consideration with due regard to all facts and circumstances which bear upon the practicality of relocation and alternatives to relocation. No alternatives proposed by LAKEVIEW LIGHT AND POWER shall be evaluated by the City in an arbitrary or capricious manner. In the event the City determines that such alternatives are not appropriate, LAKEVIEW LIGHT AND POWER shall relocate its Facilities as otherwise provided in Sections 9.1-9.3.

9.8 Nothing in this Section 9 shall require LAKEVIEW LIGHT AND POWER to bear any cost or expense in connection with the location or relocation of any Facilities existing under benefit of easement or other prior rights not derived from this Franchise.

Section 10. Records of Installation and Planning

10.1 Upon the City's reasonable request, LAKEVIEW LIGHT AND POWER shall provide to the City copies of available plans for improvements, relocations and conversions to its Facilities within the Franchise Area; provided, however, any such plans so submitted shall be for informational purposes only and shall not obligate LAKEVIEW LIGHT AND POWER to undertake any specific improvements within the Franchise Area, nor shall such plan be construed as a proposal to undertake any specific improvements within the Franchise Area.

10.2 Upon the City's reasonable request, LAKEVIEW LIGHT AND POWER shall provide to the City copies of available drawings in use by LAKEVIEW LIGHT AND POWER showing the approximate location of LAKEVIEW LIGHT AND POWER's Facilities at specified locations within the Franchise Area. LAKEVIEW LIGHT AND POWER shall further provide, upon the City's reasonable request in connection with the City's design of new streets, intersections and/or other municipally funded public works projects and major renovations of existing streets and intersections, field marking of LAKEVIEW LIGHT AND POWER's underground Facilities within the Franchise Area, if such Facilities can be so field marked with reasonable accuracy using devices designed, and accepted as the industry standard, to respond to the presence of LAKEVIEW LIGHT AND POWER's underground Facilities. Notwithstanding the foregoing, however, LAKEVIEW LIGHT AND POWER does not warrant the accuracy or sufficiency of any such drawings or field markings or other information provided by LAKEVIEW LIGHT AND POWER, and LAKEVIEW LIGHT AND POWER shall not be liable to the City or others for any errors or defects in the same.

10.3 In addition, whenever LAKEVIEW LIGHT AND POWER and the City agree that it is mutually beneficial to both parties in connection with the design of new streets, intersections and/or municipally funded public works projects and major renovations of existing streets and intersections, LAKEVIEW LIGHT AND POWER shall verify the actual location of its underground Facilities within the Franchise Area by excavating, including pot holing. The cost of such work shall be shared equally by the City and Lakeview Light and Power.

10.4 Notwithstanding the foregoing, nothing in this Section 10 is intended (nor shall be construed) to relieve either party of their respective obligations arising under applicable law with respect to determining the location of utility facilities.

Section 11. Vegetation Management

11.1 LAKEVIEW LIGHT AND POWER shall, on an annual basis, provide the City with information regarding anticipated vegetation management activities; provided that such information shall not limit LAKEVIEW LIGHT AND POWER's right under this Franchise to cut, trim or otherwise remove vegetation at any time within the Franchise Area which, due to proximity to LAKEVIEW LIGHT AND POWER's facilities, pose an imminent threat to public safety or the reliable operation of LAKEVIEW LIGHT AND POWER's facilities. This information will be used to assist with coordination and cooperation in achieving necessary vegetation management.

11.2 LAKEVIEW LIGHT AND POWER shall, in coordination with the City, identify vegetation species appropriate for location in proximity to LAKEVIEW LIGHT AND POWER's facilities and shall cooperatively act with the City to promote use of such identified species within and adjacent to the Franchise Area.

Section 12. Indemnification

12.1 LAKEVIEW LIGHT AND POWER shall indemnify and hold the City harmless from any and all claims and demands made against it on account of injury or damage to the person or property of another, to the extent such injury or damage is caused by the negligence of LAKEVIEW LIGHT AND POWER, its agents, servants or employees in exercising the rights granted to LAKEVIEW LIGHT AND POWER in this Franchise; provided, however, that in the event any such claim or demand be presented to or filed with the City, the City shall promptly notify LAKEVIEW LIGHT AND POWER thereof, and LAKEVIEW LIGHT AND POWER shall have the right, at its election and at its sole cost and expense, to settle and compromise such claim or demand; provided further, that in the event any suit or action is begun against the City based upon any such claim or demand, the City shall likewise promptly notify LAKEVIEW LIGHT AND POWER thereof, and LAKEVIEW LIGHT AND POWER shall have the right, at its election and its sole cost and expense, to settle and compromise such suit or action, or defend the same at its sole cost and expense, by attorneys of its own election.

Section 13. Insurance

13.1 LAKEVIEW LIGHT AND POWER shall procure and maintain for the duration of the Franchise, insurance, or in lieu thereof provide self-insurance, against all claims for injuries to persons or damages to property which may arise from or in connection with the exercise of the rights, privileges and authority granted hereunder to LAKEVIEW LIGHT AND POWER, its agents, representatives or employees. LAKEVIEW LIGHT AND POWER shall provide certificate(s) of insurance (Form CG2010 ISO or equivalent) and/or evidence of self-insurance, together with an endorsement naming the City, its officers, elected officials, agents, employees, representatives, consultants and volunteers as additional insureds, to the City for its inspection prior to the commencement of any work or installation of any Facilities pursuant to this Franchise. Such certificate(s) of insurance and/or evidence of self-insurance shall evidence the following minimum coverages:

(i) Commercial general liability insurance or excess liability insurance, including coverage for premises operations, explosions and collapse hazard, underground hazard and products completed hazard, written on an occurrence basis, with limits not less than:

A. \$2,000,000 for bodily injury or death to each person; and

B. \$2,000,000 for property damage resulting from any one accident.

(ii) Automobile liability for owned, non-owned and hired vehicles with a limit of \$2,000,000 for each person and \$2,000,000 for each accident.

(iii) Worker's compensation within statutory limits and employer's liability insurance with limits of not less than \$2,000,000.

13.2 LAKEVIEW LIGHT AND POWER shall maintain the liability insurance policies required by this Section 13 throughout the term of this Franchise. Any deductibles or self-insured retentions must be declared to the City. Payment of deductibles and self-insured retentions shall be the sole responsibility of LAKEVIEW LIGHT AND POWER.

13.3 LAKEVIEW LIGHT AND POWER's insurance shall be primary insurance with respect to the City, its officers, elected officials, agents, employees, representatives, consultants and volunteers. Any insurance maintained by the City, its officers, elected officials, agents,

employees, representatives, consultants and volunteers shall be in excess of LAKEVIEW LIGHT AND POWER's insurance and shall not contribute with it.

13.4 The cancellation clause of any certificate(s) of insurance (ACORD Form 25 or equivalent) provided to the City pursuant to Section 13.1 shall include the following provision:

?Should any of the policies described by this certificate be canceled before the expiration date thereof, the issuing company will provide at least thirty (30) days written notice thereof to the certificate holder.?

13.5 In the event any of the insurance required by this Section 13 is canceled or otherwise not renewed during the term of this Franchise, LAKEVIEW LIGHT AND POWER shall promptly acquire replacement insurance or shall utilize self insurance to restore and maintain the amount of coverage required by this Section 13 and shall promptly provide to the City certificate(s) of insurance or evidence of self insurance as provided in this Section 13 as may be applicable.

Section 14. Administrative fees and Reimbursement of Costs.

14.1 As specifically provided by RCW 35.21.860, the City may not impose a franchise fee or any other fee or charge of whatever nature or description upon LAKEVIEW LIGHT AND POWER. However, as provided in RCW 35.21.860, the City may recover from LAKEVIEW LIGHT AND POWER actual administrative expenses incurred by the City that are directly related to: (i) receiving and approving a permit, license or this Franchise, (ii) inspecting plans and construction, or (iii) preparing a detailed statement pursuant to Chapter 43.21C RCW.

Section 15. Reservation of Easement in Event of Vacation.

15.1 In the event the City vacates any portion of the Franchise Area during the term of this Franchise, the City shall, in its vacation procedure, reserve and grant an easement to LAKEVIEW LIGHT AND POWER for LAKEVIEW LIGHT AND POWER's Facilities, unless it is determined by the City, in consultation with LAKEVIEW LIGHT AND POWER, that retaining, reserving and/or granting such an easement is not necessary for construction, repair and maintenance of existing and/or future Facilities.

Section 16. Moving Buildings within the Franchise Area.

16.1 If any person or entity obtains permission from the City to use the Franchise Area for the moving or removal of any building or other object, the City shall, prior to granting such permission, require such person or entity to make any necessary arrangements with LAKEVIEW LIGHT AND POWER for the temporary adjustment of LAKEVIEW LIGHT AND POWER's wires to accommodate the moving or removal of said building or other object. Such necessary arrangements with LAKEVIEW LIGHT AND POWER shall be made, to LAKEVIEW LIGHT AND POWER's satisfaction, not less than thirty (30) days prior to the moving or removal of said building or other object. In such event, LAKEVIEW LIGHT AND POWER shall at the expense of the person or entity desiring to move or remove such building or other object, adjust any of its wires which may obstruct the moving or removal of such building or other object, provided that:

(i) The moving or removal of such building or other object which necessitates the adjustment of wires shall be done at a reasonable time and in a reasonable manner so as not to unreasonably interfere with LAKEVIEW LIGHT AND POWER's business;

(ii) Where more than one route is available for the moving or removal of such building or other object, such building or other object shall be moved or removed along the route approved by the City; and

(iii) The person or entity obtaining such permission from the City to move or remove such building or other object shall be required to indemnify and save LAKEVIEW LIGHT AND POWER harmless from any and all claims and demands made against it on account of injury or damage to the person or property of another arising out of or in conjunction with the moving or removal of such building or other object, to the extent such injury or damage is caused by the negligence of the person or entity moving or removing such building or other object or the negligence of the agents, servants or employees of the person or entity moving or removing such building or other object.

Section 17. Forfeiture, Revocation and Remedies

17.1 If, after 90 days notice, unless a shorter period is necessitated because of health or safety reasons, the Grantee willfully violates or fails to comply with any of the provisions of this franchise, or through willful misconduct or gross negligence fails to heed or comply with any reasonable notice given the Grantee by the City under the provisions of this franchise, then the Grantee shall, at the election of the Lakewood City Council, forfeit all rights conferred hereunder and this franchise may be revoked or annulled by the Council after a hearing held upon at least thirty (30) days notice to the Grantee. Prior to revocation or annulment, the City Council must, after the above-described hearing, make a finding that revocation or annulment is the least severe penalty appropriate under the circumstances. Provided, however, the effect of the forfeiture shall be stayed, without bond, during the pendency of an appeal originating at the Pierce County Superior Court level. In the event the courts of this state ultimately determine that the City's forfeiture of this franchise was improper, this franchise shall be immediately reinstated in full force and effect. The City may elect, in lieu of the above and without any prejudice to any of its other legal rights and remedies, to obtain an order from the superior court having jurisdiction compelling the Grantee to comply with the provisions of this Ordinance and to recover damages and costs incurred by the City by reason of the Grantee's failure to comply.

Section 18. Nonexclusive Franchise.

18.1 This Franchise is not, and shall not be deemed to be, an exclusive Franchise. This Franchise shall not in any manner prohibit the City from granting other and further franchises over, upon, and along the Franchise Area that do not interfere with LAKEVIEW LIGHT AND POWER's rights under this Franchise. This Franchise shall not prohibit or prevent the City from using the Franchise Area or affect the jurisdiction of the City over the same or any part thereof.

Section 19. Shared Facilities

19.1 The Franchise Area may include areas occupied by overhead transmission and distribution utility facilities that are owned and operated by a utility other than LAKEVIEW LIGHT AND POWER. If such occupancy preexisted LAKEVIEW LIGHT AND POWER's intent to

construct Facilities in that portion of the Franchise Area, and if such preexisting occupancy is authorized by a franchise granted to such utility by the City that contains a common user clause (such clause being substantially in the form set forth below), then as to such portion of the Franchise Area, LAKEVIEW LIGHT AND POWER's construction of any Facilities therein shall be subject to such common user clauses; provided, however, nothing herein shall require LAKEVIEW LIGHT AND POWER to (1) construct, operate, maintain, or use any Facilities in a manner that is not consistent with prudent utility practices; or (2) occupy, use, or employ any one or more of the labor, materials, facilities, equipment, tools, goods, services, designs, or properties of a third party, unless such occupancy, use, or employment is arranged and accomplished on reasonable terms and conditions.

19.2 This Franchise is subject to the following "common user clause." If the City shall hereinafter grant a franchise to a utility (other than LAKEVIEW LIGHT AND POWER), and such subsequent franchise authorizes such utility to construct overhead transmission and distribution utility facilities within a portion of the Franchise Area where LAKEVIEW LIGHT AND POWER maintains Facilities pursuant to this Franchise, then in such event, LAKEVIEW LIGHT AND POWER shall permit such other utility to jointly use and occupy LAKEVIEW LIGHT AND POWER's Facilities within such portion of the Franchise Area; provided, however, nothing herein shall require LAKEVIEW LIGHT AND POWER to (1) construct, operate, maintain, or use any Facilities in a manner that is not consistent with prudent utility practices; or (2) permit such joint use and occupancy unless the same can be arranged and accomplished on reasonable terms and conditions.

Section 20. Franchise Term.

. The initial term of the franchise shall be fifteen (15) years commencing on the date of acceptance by the District. At the expiration of the initial term, this franchise shall be automatically extended for an additional term of five (5) years unless either party gives the other written notice of intent to terminate, which notice shall be given at least six (6) months before the expiration date. At the expiration of the extended term, this franchise shall be automatically extended for an additional term of five (5) years, unless either party gives the other written notice of intent to terminate, which notice shall be given at least six (6) months before the expiration date of the extended term.

Section 21. Assignment.

21.1 LAKEVIEW LIGHT AND POWER shall not have the right to assign its rights, benefits and privileges in and under this Franchise without the prior written consent of the City, which consent shall not be unreasonably withheld. Any assignee shall, within thirty (30) days of the date of any assignment, file written notice of the assignment with the City together with its written acceptance of all terms and conditions of this Franchise. Notwithstanding the foregoing, LAKEVIEW LIGHT AND POWER shall have the right, without such notice or such written acceptance, to mortgage its rights, benefits and privileges in and under this Franchise for the benefit of bondholders.

Section 22. Miscellaneous.

22.1 If any term, provision, condition or portion of this Franchise shall be held to be invalid, such invalidity shall not affect the validity of the remaining portions of this Franchise which shall continue in full force and effect. The headings of sections and paragraphs of this Franchise are for convenience of reference only and are not intended to restrict, affect or be of any weight in the interpretation or construction of the provisions of such sections or paragraphs.

22.2 This Franchise may be amended only by written instrument, signed by both parties, which specifically states that it is an amendment to this Franchise and is approved and executed in accordance with the laws of the State of Washington. Without limiting the generality of the foregoing, this Franchise (including, without limitation, Section 12 above) shall govern and supersede and shall not be changed, modified, deleted, added to, supplemented or otherwise amended by any permit, approval, license, agreement or other document required by or obtained from the City in conjunction with the exercise (or failure to exercise) by LAKEVIEW LIGHT AND POWER of any and all rights, benefits, privileges, obligations or duties in and under this Franchise, unless such permit, approval, license, agreement or other document specifically:

(i) references this Franchise; and

(ii) states that it supersedes this Franchise to the extent it contains terms and conditions that change, modify, delete, add to, supplement or otherwise amend the terms and conditions of this Franchise.

In the event of any conflict or inconsistency between the provisions of this Franchise and the provisions of any such permit, approval, license, agreement or other document, the provisions of this Franchise shall control.

Section 23. Alteration of Franchise.

23.1 The City and LAKEVIEW LIGHT AND POWER hereby reserve the right to alter, amend or modify the terms and conditions of this Franchise in accordance with the provisions of this Section.

23.2 At any time during the term of this Franchise, the City or LAKEVIEW LIGHT AND POWER may request, by written notice, that the other promptly participate in negotiations to alter, amend or modify the terms and conditions of this Franchise.

23.3 Within a reasonable time after receipt of the notice required by Section 23.2, the City and LAKEVIEW LIGHT AND POWER shall, at a mutually agreed-upon time and place, commence negotiations to alter, amend or modify the terms and conditions of this Franchise. The City and LAKEVIEW LIGHT AND POWER shall conduct such negotiations in good faith and with due regard to all pertinent facts and circumstances; provided, however, that neither the City nor LAKEVIEW LIGHT AND POWER shall be obligated to agree to any proposed alteration, amendment or modification. Further, no rights or privileges granted by this Franchise shall be prejudiced, impaired or otherwise affected by the failure of the City or LAKEVIEW LIGHT AND POWER to agree to any proposed alteration, amendment or modification.

23.4 Neither the City nor LAKEVIEW LIGHT AND POWER shall be obligated to continue negotiations after the expiration of ninety (90) days from the date they commence such negotiations; provided, however, the City and LAKEVIEW LIGHT AND POWER may agree to continue such negotiations for an additional period of time.

23.5 Any alteration, amendment or modification to which the City and LAKEVIEW LIGHT AND POWER agree shall be submitted to the

legislative authority of the City as a proposed ordinance. The ordinance so proposed shall expressly provide that, unless LAKEVIEW LIGHT AND POWER properly files a written notice of acceptance within sixty (60) days of its effective date, the ordinance shall not be effective and this Franchise shall not be altered, amended or modified. To the extent permitted by law, the party proposing the alteration, amendment or modification shall bear all actual administrative costs directly related to approval thereof.

Section 24. Effective Date.

24.1 This Ordinance shall be effective on December 24, 2007, having first been submitted to the City Attorney, having been published as required by law; having been passed at a regular meeting of the legislative body of the City by a majority of the whole of such legislative body, and having been approved by the Mayor of the City.

ADOPTED by the City Council this 17th day of December, 2007.

ORDINANCE NO. 463

AN ORDINANCE granting Lakeview Light and Power, A non-profit corporation, its successors and assigns, the right, privilege, authority and franchise to set, erect, lay, construct, extend, support, attach, connect, maintain, repair, replace, enlarge, operate and use Facilities in, upon, over, under, along, across and through the Franchise Area to provide for the transmission, distribution of electric energy for power, heat and light, and any other purposes for which electric energy may be used.

NOW, THEREFORE, for and in consideration of the mutual benefits and the terms and conditions of the below Franchise agreement, THE CITY COUNCIL OF THE CITY OF LAKE WOOD, WASHINGTON DO ORDAIN, AS FOLLOWS:

Section 1. Definitions.

1.1 Where used in this franchise (the "Franchise") the following terms shall mean:

1.1.1 "LAKEVIEW LIGHT AND POWER" means Lakeview Light and Power, Inc., a Washington corporation, and its successors and assigns.

1.1.2 "City" means the City of Lakewood, an optional code city of the State of Washington, and its successors and assigns.

1.1.3 "Days" means calendar days.

1.1.4 "Franchise Area" means any, every and all of the roads, streets, avenues, alleys and highways of the City as now laid out, platted, dedicated or improved; and any, every and all roads, streets, avenues, alleys and highways that may hereafter be laid out, platted, dedicated or improved within the present limits of the City and as such limits may be hereafter extended.

1.1.5 "Facilities" means, collectively, any and all electric transmission and distribution systems, including but not limited to, poles (with or without crossarms), wires, lines, conduits, cables, braces, guys, anchors and vaults, meter-reading devices, fixtures, and communication systems; and (iii) any and all other equipment, appliances, attachments, appurtenances and other items necessary, convenient, or in any way appertaining to any and all of the foregoing, whether the same be located over or under ground. Fiber optic lines shall be considered "facilities" as well as any fiber optic lines within the franchise area. The parties intend to have one franchise agreement which addresses both electric and fiber optic transmission.

1.1.6 "Ordinance" means Ordinance No. _____, which sets forth the terms and conditions of this Franchise.

1.1.7 "Public Works Director" means the head of the Public Works Department or his/her designee.

Section 2. Facilities Within Franchise Area.

2.1 The City does hereby grant to LAKEVIEW LIGHT AND POWER the right, privilege, authority and franchise to set, erect, lay, construct, extend, support, attach, connect, maintain, repair, replace, enlarge, operate and use Facilities in, upon, over, under, along, across and through the Franchise Area to provide for the transmission, distribution and sale of electric energy for power, heat, light and such other purposes for which electric energy may be used. This is to include fiber optic lines to connect with City facilities.

Section 3. Noninterference of Facilities.

3.1 LAKEVIEW LIGHT AND POWER's Facilities shall be located, constructed, installed, maintained and repaired within the Franchise Area in accordance with applicable safety standards, and so as not to unreasonably interfere with the free and safe passage of pedestrian and/or vehicle traffic therein or with the reasonable ingress or egress to properties abutting thereto and in accordance with the laws of the State of Washington. LAKEVIEW LIGHT AND POWER shall exercise its rights within the Franchise Area in accordance with applicable City codes and ordinances governing use and occupancy of the Franchise Area; provided, however, in the event of any conflict or inconsistency of such codes and ordinances with the terms and conditions of this Franchise, the terms and conditions of this Franchise shall govern and control; provided, further, nothing herein shall be deemed to waive, prejudice or otherwise limit any right of appeal afforded LAKEVIEW LIGHT AND POWER by such City codes and ordinances.

3.2 In the event that the Public Works Director reasonably determines, after providing written notice to LAKEVIEW LIGHT AND POWER and a reasonable opportunity for LAKEVIEW LIGHT AND POWER to respond to his or her concerns, that any one or more of LAKEVIEW LIGHT AND POWER's Facilities within the Franchise Area interferes with the free and safe passage of pedestrian and/or vehicular traffic therein or with the reasonable ingress or egress to properties abutting thereto, then LAKEVIEW LIGHT AND POWER shall promptly take such action as is reasonably necessary to eliminate such interference. In so doing, the City shall fully cooperate with LAKEVIEW LIGHT AND POWER. In the event such interference requires relocation of LAKEVIEW LIGHT AND POWER facilities within the Franchise Area, such relocation shall be accomplished in accordance with Section 9 below. Any such interference, resulting from new development, with ingress or egress to properties abutting the Franchise Area in proximity to LAKEVIEW LIGHT AND POWER's Facilities existing within the Franchise Area prior to the development shall be subject to Section 9.6.

3.3 During the term of this Franchise and with respect to poles which are Facilities and which are wholly owned by LAKEVIEW LIGHT AND POWER and which are within the Franchise Area, the City may, subject to LAKEVIEW LIGHT AND POWER's prior written consent, which consent shall not be unreasonably withheld, install and maintain City-owned overhead wires upon such poles for signal interconnect and to provide for communications for a

security system for the Lakewood Sounder Station located on Pacific Hwy. SW. The foregoing rights of the City to install and maintain such wires are further subject to the following:

3.3.1 Such installation and maintenance shall be done by the City at its sole risk and expense in accordance with all applicable laws (including, but not limited to, RCW 70.54.090), and subject to such reasonable requirements as LAKEVIEW LIGHT AND POWER may specify from time to time (including without limitation, requirements accommodating LAKEVIEW LIGHT AND POWER' s Facilities or the facilities of other parties having the right to use LAKE VIEW LIGHT AND POWER' s Facilities); and

3.3.2 LAKEVIEW LIGHT AND POWER shall have no obligation under Section 12 (or arising under the purview of Section 12) in connection with any City-owned wires so installed or maintained

3.3.3 LAKEVIEW LIGHT AND POWER shall not charge the City a fee for the use of such poles as a means of deriving revenue therefrom; provided however, nothing herein shall require LAKEVIEW LIGHT AND POWER to bear any cost or expense in connection with such installation and maintenance by the City including LAKEVIEW LIGHT AND POWER's administrative review of and consent to City's request to make use of such poles.

3.3.4 All installation of City-owned wires shall be done by a qualified contractor with approval by the State electrical inspector and in accordance with all applicable regulations including but not limited to the National Electric Safety Code.

3.3.5 If any work by City contractors or the City involving the installation and maintenance of City-owned wires shall cause Lakeview Light and Power to replace a utility pole, the City shall reimburse Lakeview Light and Power for the cost of such.

Section 4. Dangerous Conditions, Authority for the City to Abate

4.1 In the event that LAKEVIEW LIGHT AND POWER's Facilities or operations cause or contribute to a condition that appears to endanger any person or substantially impair the lateral support of the Franchise Area or public or private property adjacent thereto, the Public Works Director may direct LAKEVIEW LIGHT AND POWER, at no charge or expense to the City, to promptly take such action as may be reasonably necessary to resolve such condition to eliminate such endangerment. Such directive may include compliance within a prescribed period of time.

4.2 In the event LAKEVIEW LIGHT AND POWER fails to promptly take action as directed by the City pursuant to Section 4.1, or fails to fully comply with such direction, or if emergency conditions exist which require immediate action to prevent imminent injury or damage to persons or property, the City may take action as it reasonably believes is necessary with respect to LAKF,VIEW LIGHT AND POWER's Facilities or operations to protect persons or property and in such event LAKEVIEW LIGHT AND POWER shall be responsible to reimburse the City for its costs incurred in so doing.

Section 5. Permit Required

5.1 Whenever LAKEVIEW LIGHT AND POWER works in the Franchise Area for purposes of installation, construction, repair, maintenance or relocation of its Facilities, it shall apply to the City for a permit to do so in accordance with all ordinances and regulations of the City. In no case shall any such work commence within the Franchise Area without a permit, except as otherwise provided in this Franchise.

5.2 LAKEVIEW LIGHT AND POWER shall at all times post and maintain proper barricades and comply with all applicable safety regulations during any period of construction or maintenance activities within the right-of-way as required by City or state regulations, including RCW 39.04.180, for the construction of trench safety systems.

5.3 In the event of any emergency where any Facilities located in the Franchise Area are broken or damaged, or if LAKEVIEW LIGHT AND POWER's work area within the Franchise Area is in such a condition as to endanger any person or property, LAKEVIEW LIGHT AND POWER shall immediately take any necessary emergency measures to repair or remove its Facilities or otherwise make its work area safe without first applying for and obtaining a permit as required by Section 5.1. This provision shall not relieve LAKEVIEW LIGHT AND POWER from later obtaining any necessary permit for the emergency work. LAKEVIEW LIGHT AND POWER shall apply for the required permit the next business day following the emergency work or, in the case of an extended state of emergency, as soon thereafter as practical.

Section 6. Restoration

6.1 LAKEVIEW LIGHT AND POWER shall, after any installation, construction, relocation, maintenance, or repair of Facilities within the Franchise Area, promptly restore the Franchise Area to at least the same condition as existed immediately prior to any such installation, construction, relocation, maintenance or repair in accordance with City standards at its sole cost and expense. All survey monuments which are to be disturbed or displaced by such work shall be referenced and restored per WAC 332-120, as the same now exists or may hereafter be amended, and all pertinent federal, state and City standards and specifications. The Public Works Director shall have final approval of the condition of the Franchise Area after restoration.

6.2 If it is determined that LAKEVIEW LIGHT AND POWER has failed to restore the Franchise Area in accordance with Section 6, the City shall provide LAKEVIEW LIGHT AND POWER with written notice including a description of actions the City reasonably believes necessary to restore the Franchise Area. If the Franchise Area is not restored in accordance with the City's notice within thirty (30) days of that notice, the City, or its authorized agent, may restore the Franchise Area. LAKEVIEW LIGHT AND POWER shall be responsible for all costs and expenses incurred by the City in restoring the Franchise Area in accordance with this section. The remedy granted to the City under this section shall be in addition to those otherwise provided by this Franchise.

6.3 All work by LAKEVIEW LIGHT AND POWER pursuant to this Section 6 shall be performed in accordance with the permit issued by the City, together with the laws of the State of Washington, Lakewood Municipal Code and applicable regulations and standards of the City as the same now exists or as may be hereafter amended or superseded.

Section 7. Bonding Requirement

7.1 Before undertaking any of the work authorized by this Franchise, LAKEVIEW LIGHT AND POWER shall furnish an ongoing performance bond executed by LAKEVIEW LIGHT AND POWER and a corporate surety authorized to do surety business in the State of Washington, in a sum to be set and approved by the Public Works Director as reasonably sufficient to ensure performance of LAKEVIEW LIGHT AND POWER's obligations under this Franchise. The bond shall be conditioned so that LAKEVIEW LIGHT AND POWER shall observe all the covenants, terms and conditions and faithfully perform all of the obligations of this Franchise, and to restore or replace any defective work or materials discovered in the restoration of the Franchise Area within a period of two (2) years from the final City inspection date of any such restoration. LAKEVIEW LIGHT AND POWER may meet the obligations of this section with one (1) or more bonds acceptable to the City. In the event that a bond furnished pursuant to this section is canceled by the surety, after proper notice and pursuant to the terms of said bond, LAKEVIEW LIGHT AND POWER shall, prior to the expiration of said bond, procure a replacement bond which complies with the terms of this section.

7.2 With respect to undertaking any of the work authorized by this Franchise, in the event LAKEVIEW LIGHT AND POWER fails to perform its obligations under this Franchise and further fails to cure its deficiency within a reasonable period of time after receipt of written notice of such deficiency by the City, then the City may use any bond(s) furnished by LAKEVIEW LIGHT AND POWER pursuant to Section 7.1 to cure such deficiency. Neither the amount of such bond(s) nor the City's use thereof shall limit the City's full recovery from LAKE VIEW LIGHT AND POWER of costs incurred by the City to cure such deficiency.

7.3 In the event the City makes use of such bond(s) furnished by LAKEVIEW LIGHT AND POWER pursuant to Section 7.2, the City shall promptly provide written notice of same to LAKEVIEW LIGHT AND POWER. Within thirty (30) days of receipt of such notice, LAKEVIEW LIGHT AND POWER shall replenish or replace such bond(s) as provided in Section 7.1.

7.4 The rights reserved to the City by this Section 7 are in addition to other rights of the City whether reserved by this Franchise or authorized by law, and no action, proceeding, or exercise of right under this Section 7 shall constitute an election or waiver of any rights or other remedies the City may have.

Section 8. Underground Installation of Facilities

8.1 This Section 8 shall govern all matters related to underground installation of LAKEVIEW LIGHT AND POWER's Facilities within the Franchise Area.

8.2 LAKEVIEW LIGHT AND POWER acknowledges that the City desires to promote a policy of underground installation of Facilities within the Franchise Area. LAKE VIEW LIGHT AND POWER will cooperate with the City in the formulation of policy and development regulations concerning underground installation of LAKEVIEW LIGHT AND POWER' s Facilities within the Franchise Area.

8.3 New extensions of electric Facilities that operate at 15,000 volts (15kV) or less constructed by LAKEVIEW LIGHT AND POWER within the Franchise Area during the term of this Franchise shall be located underground of this Agreement provided that extensions of existing overhead Facilities of up to five spans or 500 feet (whichever is less) may, subject to the City's prior written consent which shall not be unreasonably withheld, be installed overhead in locations having other existing overhead utilities.

8.4 If, during the term of this Franchise, the City shall direct LAKEVIEW LIGHT AND POWER to replace (convert) its overhead electric distribution Facilities (15kV or less) then existing within the Franchise Area with underground Facilities, such underground conversion shall be arranged and accomplished subject to and in accordance with the requirements of this section.

Whenever the City may require the undergrounding of the aerial facilities in an area of the City in conjunction with a Public Works Improvement Project and the City provides sufficient right-of-way to accommodate the above-ground improvements incidental to underground facilities, including but not limited to transformers, switch gear and power vaults, and their requisite set-backs, LAKEVIEW LIGHT AND POWER agrees to cooperate with the City in the City's proposal to underground the aerial facilities as follows:

(a) Forty percent (40%) of the total actual cost of converting the existing overhead primary electrical distribution system to underground shall be provided by the City. The total actual cost shall include labor, trenching, vaults, conduit, cable, switch gears, transformers, restoration and any other expenses mutually agreed upon.

(b) Sixty percent (60%) of the total actual cost of converting the existing overhead primary electrical distribution system to underground shall be provided by the LAKEVIEW LIGHT AND POWER. The total actual cost shall include labor, trenching, vaults, conduit, cable, switch gears, transformers, restoration and any other expenses mutually agreed upon.

(c) Any charges made against the project for undergrounding the secondary services such as telephone, fire alarm, cable TV and street lighting circuits will not be included

when determining the amount to be paid by LAKEVIEW LIGHT AND POWER. In making this determination, any costs for work which is also necessary for undergrounding other systems shall be fairly and proportionately allocated among the affected service providers.

(d) Conversion of the secondary electrical service on private property is not included in the project. The City will be responsible for ensuring that customer service is converted to underground prior to the removal of overhead facilities.

8.5 In the event that insufficient right-of-way is available to allow relocation of LAKEVIEW LIGHT AND POWER's existing aerial system due to the requirements for a City Public Works Project, and undergrounding is therefore required, all of the above provisions shall apply.

Notwithstanding anything to the contrary in this Section, this Section shall not apply to high voltage lines of greater than 15 Ky.

Section 9 Relocation of Facilities.

9.1 Whenever the City undertakes (or causes to be undertaken at City expense) the construction of any public works improvement within the Franchise Area, or the Public Works Director reasonably determines that LAKEVIEW LIGHT AND POWER' s Facilities interfere with the free and safe passage of pedestrian and/or vehicular traffic pursuant to Section 3 above, and such public works improvement or interference necessitates the relocation of LAKEVIEW LIGHT AND POWER' s Facilities then existing within the Franchise Area, the City shall:

(i) provide LAKEVIEW LIGHT AND POWER, within a reasonable time prior to the City's commencement of activities requiring such public works improvement, written notice requesting such relocation; and

(ii) provide LAKEVIEW LIGHT AND POWER with copies of relevant portions of the City's plans and specifications for such public works improvement.

After receipt of such notice and such plans and specifications, LAKEVIEW LIGHT AND POWER shall relocate such Facilities within the Franchise Area at no charge to the City. If, during the construction of any such public works improvement, an emergency posing a threat to public safety or welfare, or a substantial risk of severe economic consequences to the City, arises requiring the relocation of LAKEVIEW LIGHT AND POWER' s Facilities within the Franchise Area, the City shall give LAKEVIEW LIGHT AND POWER notice of the emergency as soon as reasonably practicable. Upon receipt of such notice from the City, LAKEVIEW LIGHT AND POWER shall endeavor to respond as soon as reasonably practicable to relocate the affected Facilities at no charge to the City.

9.2 The City shall act in good faith and shall use its best efforts to provide sufficient space within the Franchise Area for the safe and efficient installation, operation, repair and maintenance of the relocated and/or underground converted Facilities. LAKEVI FM LIGHT AND POWER shall act in good faith and shall use its best efforts to install relocated and/or underground converted Facilities in such space within the Franchise Area, consistent with prudent utility practice. If the City and LAKE VIEW LIGHT AND POWER agree that there is not sufficient space for the relocated and/or underground converted Facilities in the existing Franchise Area, then, unless otherwise mutually agreed by the City and LAKEVIEW LIGHT AND POWER, the City shall provide sufficient space for the relocated and/or underground converted Facilities by obtaining additional right-of-way or other equivalent rights mutually agreeable to the City and LAKEVI VW LIGHT AND POWER, which shall be Franchise Area, title of which shall be in the City's name.

9.3 LAKEVIEW LIGHT AND POWER may install relocated and/or underground converted Facilities on property outside of the Franchise Area, the rights for which shall be obtained by LAKEVIEW LIGHT AND POWER at no expense to the City, if:

(i) notwithstanding the use of best efforts by the City and LAKEVIEW LIGHT AND POWER as outlined above, the City and LAKEVIEW LIGHT AND POWER do not agree whether there is or will be sufficient space within the Franchise Area for the relocated and/or underground converted Facilities, or

(ii) locating such relocated and/or underground converted Facilities within such space within the Franchise Area would be inconsistent with prudent utility practice.

The City and LAKEVIEW LIGHT AND POWER shall each act in good faith and use their respective best efforts to mutually agree on the location of such relocated and/or underground converted Facilities outside of the Franchise Area. Absent such mutual agreement, nothing in this Section 4 shall limit the rights of the City or LAKEVIEW LIGHT AND POWER with respect to acquisition or use of property rights outside of the Franchise Area.

9.4 If the City requires the subsequent relocation of any Facilities within six (6) years from the date of relocation of such Facilities pursuant to Sections 9.1-9.3, the City shall reimburse LAKEVIEW LIGHT AND POWER for all costs incurred by LAKEVIEW LIGHT AND POWER in connection with such subsequent relocation.

In order to assist with coordination of planning and projects, the City shall in a timely manner and on an annual basis provide Lakeview Light and Power with the most recent versions of the City's Capital Facilities Plan and Six Year Transportation Improvement Plan.

9.5 LAKEVIEW LIGHT AND POWER shall have the right as a condition of any relocation described in this Section 9.5 to require such person or entity other than the City to make payment to LAKEVIEW LIGHT AND POWER, at a time and upon terms acceptable to

LAKEVIEW LIGHT AND POWER, for any and all costs and expenses incurred by LAKEVIEW LIGHT AND POWER in the relocation of LAKEVIEW LIGHT AND POWER' s Facilities whenever:

(i) any person or entity, other than the City, requires the relocation of LAKEVIEW LIGHT AND POWER's Facilities to accommodate the work of such person or entity within the Franchise Area, including but not limited to, activities relating to development, roadway frontage improvements or mitigation of impacts; or

(ii) the City requires any person or entity to undertake work (other than work undertaken at the City's cost and expense) within the Franchise Area and such work requires the relocation of LAKEVIEW LIGHT AND POWER' s Facilities within the Franchise Area.

This section is intended to include work funded by the creation of a local improvement district (LID).

9.6 Any condition or requirement imposed by the City upon any other person or entity (including, without limitation, any condition or requirement imposed pursuant to any contract or in conjunction with approvals or permits obtained pursuant to any zoning, land use, construction or other development regulation) which requires the relocation of LAKEVIEW LIGHT AND POWER's Facilities within the Franchise Area shall be a condition or requirement causing relocation of LAKEVIEW LIGHT AND POWER's Facilities to occur subject to the provisions of Section 9.5 above; provided, however:

in the event the City reasonably determines and notifies LAKEVIEW LIGHT AND POWER that the primary purpose of imposing such condition or requirement upon such person or entity is to cause the construction of a public works improvement within a segment of the Franchise Area on the City's behalf, and

(ii) such public works improvement is otherwise reflected in the City's adopted Six-Year Capital Improvement Program; Transportation Improvement Program; or Transportation Facilities Program;

then only those costs and expenses incurred by LAKEVIEW LIGHT AND POWER in connecting such relocated Facilities with LAKEVIEW LIGHT AND POWER' s other Facilities shall be paid to LAKEVIEW LIGHT AND POWER by such person or entity, and LAKEVIEW LIGHT AND POWER shall otherwise relocate its Facilities within such segment of the Franchise Area in accordance with Sections 9.1-9.3.

9.7 As to any relocation of LAKEVIEW LIGHT AND POWER's Facilities whereby any part of the cost and expense thereof is to be borne by LAKEVIEW LIGHT AND POWER in accordance with Sections 9.1-9.3, LAKEVIEW LIGHT AND POWER may, after receipt of

written notice requesting such relocation, submit in writing to the City alternatives to relocation of its Facilities. Upon the City's receipt from LAKEVIEW LIGHT AND POWER of such written alternatives, the City shall evaluate such alternatives and shall advise LAKEVIEW LIGHT AND POWER in writing if one or more of such alternatives is suitable to accommodate the work which would otherwise necessitate relocation of LAKEVIEW LIGHT AND POWER's Facilities. In evaluating such alternatives, the City shall give each alternative proposed by LAKEVIEW LIGHT AND POWER full and fair consideration with due regard to all facts and circumstances which bear upon the practicality of relocation and alternatives to relocation. No alternatives proposed by LAKEVIEW LIGHT AND POWER shall be evaluated by the City in an arbitrary or capricious manner. In the event the City determines that such alternatives are not appropriate, LAKEVIEW LIGHT AND POWER shall relocate its Facilities as otherwise provided in Sections 9.1-9.3.

9.8 Nothing in this Section 9 shall require LAKEVIEW LIGHT AND POWER to bear any cost or expense in connection with the location or relocation of any Facilities existing under benefit of easement or other prior rights not derived from this Franchise.

Section 10. Records of Installation and Planning

10.1 Upon the City's reasonable request, LAKEVIEW LIGHT AND POWER shall provide to the City copies of available plans for improvements, relocations and conversions to its Facilities within the Franchise Area; provided, however, any such plans so submitted shall be for informational purposes only and shall not obligate LAKEVIEW LIGHT AND POWER to undertake any specific improvements within the Franchise Area, nor shall such plan be construed as a proposal to undertake any specific improvements within the Franchise Area.

10.2 Upon the City's reasonable request, LAKEVIEW LIGHT AND POWER shall provide to the City copies of available drawings in use by LAKEVIEW LIGHT AND POWER showing the approximate location of LAKEVIEW LIGHT AND POWER's Facilities at specified locations within the Franchise Area. LAKEVIEW LIGHT AND POWER shall further provide, upon the City's reasonable request in connection with the City's design of new streets, intersections and/or other municipally funded public works projects and major renovations of existing streets and intersections, field marking of LAKEVIEW LIGHT AND POWER's underground Facilities within the Franchise Area, if such Facilities can be so field marked with reasonable accuracy using devices designed, and accepted as the industry standard, to respond to the presence of LAKEVIEW LIGHT AND POWER's underground Facilities. Notwithstanding the foregoing, however, LAKEVIEW LIGHT AND POWER does not warrant the accuracy or sufficiency of any such drawings or field markings or other information provided by LAKEVIEW LIGHT AND POWER, and LAKEVIEW LIGHT AND POWER shall not be liable to the City or others for any errors or defects in the same.

10.3 In addition, whenever LAKEVIEW LIGHT AND POWER and the City agree that it is mutually beneficial to both parties in connection with the design of new streets, intersections and/or municipally funded public works projects and major renovations of existing streets and

intersections, LAKEVIEW LIGHT AND POWER shall verify the actual location of its underground Facilities within the Franchise Area by excavating, including pot holing. The cost of such work shall be shared equally by the City and Lakeview Light and Power.

10.4 Notwithstanding the foregoing, nothing in this Section 10 is intended (nor shall be construed) to relieve either party of their respective obligations arising under applicable law with respect to determining the location of utility facilities.

Section 11. Vegetation Management

11.1 LAKEVIEW LIGHT AND POWER shall, on an annual basis, provide the City with information regarding anticipated vegetation management activities; provided that such information shall not limit LAKEVIEW LIGHT AND POWER's right under this Franchise to cut, trim or otherwise remove vegetation at any time within the Franchise Area which, due to proximity to LAKEVIEW LIGHT AND POWER's facilities, pose an imminent threat to public safety or the reliable operation of LAKEVIEW LIGHT AND POWER's facilities. This information will be used to assist with coordination and cooperation in achieving necessary vegetation management.

11.2 LAKEVIEW LIGHT AND POWER shall, in coordination with the City, identify vegetation species appropriate for location in proximity to LAKE VIEW LIGHT AND POWER's facilities and shall cooperatively act with the City to promote use of such identified species within and adjacent to the Franchise Area.

Section 12. Indemnification

12.1 LAKEVIEW LIGHT AND POWER shall indemnify and hold the City harmless from any and all claims and demands made against it on account of injury or damage to the person or property of another, to the extent such injury or damage is caused by the negligence of LAKEVIEW LIGHT AND POWER, its agents, servants or employees in exercising the rights granted to LAKEVIEW LIGHT AND POWER in this Franchise; provided, however, that in the event any such claim or demand be presented to or filed with the City, the City shall promptly notify LAKEVIEW LIGHT AND POWER thereof, and LAKEVIEW LIGHT AND POWER shall have the right, at its election and at its sole cost and expense, to settle and compromise such claim or demand; provided further, that in the event any suit or action is begun against the City based upon any such claim or demand, the City shall likewise promptly notify LAKEVIEW LIGHT AND POWER thereof, and LAKEVIEW LIGHT AND POWER shall have the right, at its election and its sole cost and expense, to settle and compromise such suit or action, or defend the same at its sole cost and expense, by attorneys of its own election.

Section 13. Insurance

13.1 LAKEVIEW LIGHT AND POWER shall procure and maintain for the duration of the Franchise, insurance, or in lieu thereof provide self-insurance, against all claims for injuries to persons or damages to property which may arise from or in connection with the

exercise of the rights, privileges and authority granted hereunder to LAKEVIEW LIGHT AND POWER, its agents, representatives or employees. LAKEVIEW LIGHT AND POWER shall provide certificate(s) of insurance (Form CG2010 ISO or equivalent) and/or evidence of self-insurance, together with an endorsement naming the City, its officers, elected officials, agents, employees, representatives, consultants and volunteers as additional insureds, to the City for its inspection prior to the commencement of any work or installation of any Facilities pursuant to this Franchise. Such certificate(s) of insurance and/or evidence of self-insurance shall evidence the following minimum coverages:

(i) Commercial general liability insurance or excess liability insurance, including coverage for premises operations, explosions and collapse hazard, underground hazard and products completed hazard, written on an occurrence basis, with limits not less than:

A. \$2,000,000 for bodily injury or death to each person; and

B. \$2,000,000 for property damage resulting from any one accident.

(ii) Automobile liability for owned, non-owned and hired vehicles with a limit of \$2,000,000 for each person and \$2,000,000 for each accident.

(iii) Worker's compensation within statutory limits and employer's liability insurance with limits of not less than \$2,000,000.

13.2 LAKEVIEW LIGHT AND POWER shall maintain the liability insurance policies required by this Section 13 throughout the term of this Franchise. Any deductibles or self-insured retentions must be declared to the City. Payment of deductibles and self-insured retentions shall be the sole responsibility of LAKE VIEW LIGHT AND POWER.

13.3 LAKEVIEW LIGHT AND POWER's insurance shall be primary insurance with respect to the City, its officers, elected officials, agents, employees, representatives, consultants and volunteers. Any insurance maintained by the City, its officers, elected officials, agents, employees, representatives, consultants and volunteers shall be in excess of LAKEVIEW LIGHT AND POWER' s insurance and shall not contribute with it.

13.4 The cancellation clause of any certificate(s) of insurance (ACORD Form 25 or equivalent) provided to the City pursuant to Section 13.1 shall include the following provision:

"Should any of the policies described by this certificate be canceled before the expiration date thereof, the issuing company will provide at least thirty (30) days written notice thereof to the certificate holder."

13.5 In the event any of the insurance required by this Section 13 is canceled or otherwise not renewed during the term of this Franchise, LAKEVIEW LIGHT AND POWER shall promptly acquire replacement insurance or shall utilize self insurance to restore and maintain the amount of coverage required by this Section 13 and shall promptly provide to the City certificate(s) of insurance or evidence of self insurance as provided in this Section 13 as may be applicable.

Section 14. Administrative fees and Reimbursement of Costs.

14.1 As specifically provided by RCW 35.21.860, the City may not impose a franchise fee or any other fee or charge of whatever nature or description upon LAKE VIEW LIGHT AND POWER. However, as provided in RCW 35.21.860, the City may recover from LAKEVIEW LIGHT AND POWER actual administrative expenses incurred by the City that are directly related to: (i) receiving and approving a permit, license or this Franchise, (ii) inspecting plans and construction, or (iii) preparing a detailed statement pursuant to Chapter 43.21C RCW.

Section 15. Reservation of Easement in Event of Vacation.

15.1 In the event the City vacates any portion of the Franchise Area during the term of this Franchise, the City shall, in its vacation procedure, reserve and grant an easement to LAKEVIEW LIGHT AND POWER for LAKEVIEW LIGHT AND POWER's Facilities, unless it is determined by the City, in consultation with LAKEVIEW LIGHT AND POWER, that retaining, reserving and/or granting such an easement is not necessary for construction, repair and maintenance of existing and/or future Facilities.

Section 16. Moving Buildings within the Franchise Area.

16.1 If any person or entity obtains permission from the City to use the Franchise Area for the moving or removal of any building or other object, the City shall, prior to granting such permission, require such person or entity to make any necessary arrangements with LAKE VIEW LIGHT AND POWER for the temporary adjustment of LAKEVIEW LIGHT AND POWER's wires to accommodate the moving or removal of said building or other object. Such necessary arrangements with LAKEVIEW LIGHT AND POWER shall be made, to LAKEVIEW LIGHT AND POWER's satisfaction, not less than thirty (30) days prior to the moving or removal of said building or other object. In such event, LAKE VIEW LIGHT AND POWER shall at the expense of the person or entity desiring to move or remove such building or other object, adjust any of its wires which may obstruct the moving or removal of such building or other object, provided that:

The moving or removal of such building or other object which necessitates the adjustment of wires shall be done at a reasonable time and in a reasonable manner so as not to unreasonably interfere with LAKEVIEW LIGHT AND POWER's business;

(ii) Where more than one route is available for the moving or removal of such building or other object, such building or other object shall be moved or removed along the route approved by the City; and

(iii) The person or entity obtaining such permission from the City to move or remove such building or other object shall be required to indemnify and save LAKEVIEW LIGHT AND POWER harmless from any and all claims and demands made against it on account of injury or damage to the person or property of another arising out of or in conjunction with the moving or removal of such building or other object, to the extent such injury or damage is caused by the negligence of the person or entity moving or removing such building or other object or the negligence of the agents, servants or employees of the person or entity moving or removing such building or other object.

Section 17. Forfeiture, Revocation and Remedies

17.1 If, after 90 days notice, unless a shorter period is necessitated because of health or safety reasons, the Grantee willfully violates or fails to comply with any of the provisions of this franchise, or through willful misconduct or gross negligence fails to heed or comply with any reasonable notice given the Grantee by the City under the provisions of this franchise, then the Grantee shall, at the election of the Lakewood City Council, forfeit all rights conferred hereunder and this franchise may be revoked or annulled by the Council after a hearing held upon at least thirty (30) days notice to the Grantee. Prior to revocation or annulment, the City Council must, after the above-described hearing, make a finding that revocation or annulment is the least severe penalty appropriate under the circumstances. Provided, however, the effect of the forfeiture shall be stayed, without bond, during the pendency of an appeal originating at the Pierce County Superior Court level. In the event the courts of this state ultimately determine that the City's forfeiture of this franchise was improper, this franchise shall be immediately reinstated in full force and effect. The City may elect, in lieu of the above and without any prejudice to any of its other legal rights and remedies, to obtain an order from the superior court having jurisdiction compelling the Grantee to comply with the provisions of this Ordinance and to recover damages and costs incurred by the City by reason of the Grantee's failure to comply.

Section 18. Nonexclusive Franchise.

18.1 This Franchise is not, and shall not be deemed to be, an exclusive Franchise. This Franchise shall not in any manner prohibit the City from granting other and further franchises over, upon, and along the Franchise Area that do not interfere with LAKEVIEW LIGHT AND POWER's rights under this Franchise. This Franchise shall not prohibit or prevent the City from using the Franchise Area or affect the jurisdiction of the City over the same or any part thereof.

Section 19. Shared Facilities

19.1 The Franchise Area may include areas occupied by overhead transmission and distribution utility facilities that are owned and operated by a utility other than LAKEVIEW LIGHT AND POWER. If such occupancy preexisted LAKEVIEW LIGHT AND POWER's intent to construct Facilities in that portion of the Franchise Area, and if such preexisting occupancy is authorized by a franchise granted to such utility by the City that contains a common user clause (such clause being substantially in the form set forth below), then as to such portion of the Franchise Area, LAKEVIEW LIGHT AND POWER's construction of any Facilities

therein shall be subject to such common user clauses; provided, however, nothing herein shall require LAKEVTF, W LIGHT AND POWER to (1) construct, operate, maintain, or use any Facilities in a manner that is not consistent with prudent utility practices; or (2) occupy, use, or employ any one or more of the labor, materials, facilities, equipment, tools, goods, services, designs, or properties of a third party, unless such occupancy, use, or employment is arranged and accomplished on reasonable terms and conditions.

19.2 This Franchise is subject to the following "common user clause." If the City shall hereinafter grant a franchise to a utility (other than LAKEVIEW LIGHT AND POWER), and such subsequent franchise authorizes such utility to construct overhead transmission and distribution utility facilities within a portion of the Franchise Area where LAKEVIEW KW LIGHT AND POWER maintains Facilities pursuant to this Franchise, then in such event, LAKEVTF, W LIGHT AND POWER shall permit such other utility to jointly use and occupy LAKEVIEW LIGHT AND POWER's Facilities within such portion of the Franchise Area; provided, however, nothing herein shall require LAKEVIEW LIGHT AND POWER to (1) construct, operate, maintain, or use any Facilities in a manner that is not consistent with prudent utility practices; or (2) permit such joint use and occupancy unless the same can be arranged and accomplished on reasonable terms and conditions.

Section 20. Franchise Term.

. The initial term of the franchise shall be fifteen (15) years commencing on the date of acceptance by the District. At the expiration of the initial term, this franchise shall be automatically extended for an additional term of five (5) years unless either party gives the other written notice of intent to terminate, which notice shall be given at least six (6) months before the expiration date. At the expiration of the extended term, this franchise shall be automatically extended for an additional term of five (5) years, unless either party gives the other written notice of intent to terminate, which notice shall be given at least six (6) months before the expiration date of the extended term.

Section 21. Assignment.

21.1 LAKEVIEW LIGHT AND POWER shall not have the right to assign its rights, benefits and privileges in and under this Franchise without the prior written consent of the City, which consent shall not be unreasonably withheld. Any assignee shall, within thirty (30) days of the date of any assignment, file written notice of the assignment with the City together with its written acceptance of all terms and conditions of this Franchise. Notwithstanding the foregoing, LAKEVIEW LIGHT AND POWER shall have the right, without such notice or such written acceptance, to mortgage its rights, benefits and privileges in and under this Franchise for the benefit of bondholders.

Section 22. Miscellaneous.

22.1 If any term, provision, condition or portion of this Franchise shall be held to be invalid, such invalidity shall not affect the validity of the remaining portions of this Franchise which shall continue in full force and effect. The headings of sections and paragraphs of this Franchise are for convenience of reference only and are not intended to restrict, affect or be of any weight in the interpretation or construction of the provisions of such sections or paragraphs.

22.2 This Franchise may be amended only by written instrument, signed by both parties, which specifically states that it is an amendment to this Franchise and is approved and executed in accordance with the laws of the State of Washington. Without limiting the generality of the foregoing, this Franchise (including, without limitation, Section 12 above) shall govern and supersede and shall not be changed, modified, deleted, added to, supplemented or otherwise amended by any permit, approval, license, agreement or other document required by or obtained from the City in conjunction with the exercise (or failure to exercise) by LAKEVIEW LIGHT AND POWER of any and all rights, benefits, privileges, obligations or duties in and under this Franchise, unless such permit, approval, license, agreement or other document specifically:

(i) references this Franchise; and

(ii) states that it supersedes this Franchise to the extent it contains terms and conditions that change, modify, delete, add to, supplement or otherwise amend the terms and conditions of this Franchise.

In the event of any conflict or inconsistency between the provisions of this Franchise and the provisions of any such permit, approval, license, agreement or other document, the provisions of this Franchise shall control.

Section 23. Alteration of Franchise.

23.1 The City and LAKEVIEW LIGHT AND POWER hereby reserve the right to alter, amend or modify the terms and conditions of this Franchise in accordance with the provisions of this Section.

23.2 At any time during the term of this Franchise, the City or LAKEVIEW LIGHT AND POWER may request, by written notice, that the other promptly participate in negotiations to alter, amend or modify the terms and conditions of this Franchise.

23.3 Within a reasonable time after receipt of the notice required by Section 23.2, the City and LAKEVIEW LIGHT AND POWER shall, at a mutually agreed-upon time and place, commence negotiations to alter, amend or modify the terms and conditions of this Franchise. The City and LAKEVIEW LIGHT AND POWER shall conduct such negotiations in good faith and with due regard to all pertinent facts and circumstances; provided, however, that neither the City nor LAKEVIEW LIGHT AND POWER shall be obligated to agree to any proposed alteration, amendment or modification. Further, no rights or privileges granted by this Franchise shall be prejudiced, impaired or otherwise affected by the failure of the City or LAKEVIEW LIGHT AND POWER to agree to any proposed alteration, amendment or modification.

23.4 Neither the City nor LAKE VIEW LIGHT AND POWER shall be obligated to continue negotiations after the expiration of ninety (90) days from the date they commence such negotiations; provided, however, the City and LAKEVIEW LIGHT AND POWER may agree to continue such negotiations for an additional period of time.

23.5 Any alteration, amendment or modification to which the City and LAKEVIEW LIGHT AND POWER agree shall be submitted to the legislative authority of the City as a proposed ordinance. The ordinance so proposed shall expressly provide that, unless LAKEVIEW LIGHT AND POWER properly files a written notice of acceptance within sixty (60) days of its effective date, the ordinance shall not be effective and this Franchise shall not be altered, amended or modified. To the extent permitted by law, the party proposing the alteration, amendment or modification shall bear all actual administrative costs directly related to approval thereof.

Section 24. Effective Date.

24.1 This Ordinance shall be effective on 12/27/2017, 2017, having first been submitted to the City Attorney, having been published as required by law; having been passed at a regular meeting of the legislative body of the City by a majority of the whole of such legislative body, and having been approved by the Mayor of the City.
