Ordinance No. 00086

Council Minutes 96/07/01

ORDINANCE NO. 86

ORDINANCE NO. 86

AN ORDINANCE of the City Council of the City of Lakewood, Washington, creating and establishing a new Chapter 8.60 of the Lakewood Municipal Code providing for watercraft regulations

WHEREAS, among the positive resources available in the City of Lakewood are its lakes and waterways, of interest to swimmers, boaters and other individuals taking advantage of their natural beauty and recreational value; and,

WHEREAS, because of the number of lakes within the City of Lakewood, and because of the different characteristics of these lakes, it is appropriate for the City of Lakewood to provide for watercraft regulation, so as to control inappropriate uses and activities which interfere with the reasonable use and enjoyment of the City=s lakes by the general public; and, WHEREAS, in developing the watercraft regulations, Pierce County regulations, previously in effect in the Lakewood area prior to the incorporation of the City of Lakewood provided a valuable resource and historical perspective for developing Lakewood watercraft regulations; and,

WHEREAS, using Pierce County regulations and suggestions from individuals interested in watercraft regulation and use of lakes and waterways, including citizens speaking to the watercraft issues at the public hearing held to consider this Ordinance, the regulations which were incorporated into the City of Lakewood Ordinance sought to combine the current Pierce County regulations with the areas suggested for change and clarification.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LAKEWOOD, WASHINGTON, DO ORDAIN as Follows:

Section 1. That a new Chapter 8.60 of the Lakewood Municipal Code be, and the same hereby is, created to read as follows:

Article II. Operation Regulations

8.60.130 Applicability.

The provisions of this Article shall be applicable to all vessels operated on lakes, rivers and all other water within the corporate boundaries of the City of Lakewood.

8.60.140 Manner of Operation.

A. A vessel shall be operated in a careful and prudent manner and at a speed no greater than is reasonable and proper under the conditions at the time and place of operation, taking into account the amount and character of traffic, size of the waters, freedom from obstruction to view ahead, and so as not to unreasonably endanger persons or property or other rights of any person entitled to the use of such waters. The operator of any vessel shall be responsible for any damage or injuries caused by the wake from the vessel.

B. A violation of this section constitutes a Class 2 Civil Infraction under Chapter 1.48 of the City Code.

8.60.150 Speed Limits.

It shall be unlawful to operate a vessel at a rate of speed greater than will permit the operator in the exercise of reasonable care to bring the vessel to a stop within the assured clear distance ahead; provided, however, it shall be unlawful to operate vessels in excess of five miles per hour, or at a speed which produces a damaging wake, within two hundred feet of any shore, dock, bridge or public swimming area, or within one hundred feet of swimmers or of any vessel, provided further, that it shall be unlawful to operate vessels in excess of eight (8) miles per hour after legal sunset in waters not regulated by the five (5) miles per hour law. (Speeds of over eight (8) miles per hour display a wake behind the vessel.)

A violation of this section constitutes a Class 2 Civil Infraction under Chapter 1.48 of the City Code.

8.60.160 For Vessels Engaged in Taking Off and Landing - With or Without Water-Skiers.

A. Taking off shall be done perpendicular or as near to perpendicular to shore, dock or other launching facilities, whichever

shall permit the vessel and skier, if any, safe passage to open water; provided, that at no time shall the taking off angle be less than a forty-five degree angle to shore, dock, or other launching facility.

B. Landing of vessels and skiers shall be done not less than at a forty-five degree angle to the shore, dock, or other landing facilities.

C. At no time shall taking off or landing of water-skier give the towing vessel special privileges over any other vessels, under the rules of the road, and at no time shall such acts of skiing cause undue risk to persons or property.

D. A violation of this section constitutes a Class 2 Civil Infraction under Chapter 1.48 of the City Code.

8.60.170 Reckless Operation.

It shall be unlawful to operate any vessel in a reckless manner upon any waters within the City. For the purpose of this Chapter, to operate in a reckless manner means the operation of a vessel upon waters within the City in such a manner as to endanger or be likely to endanger any persons or property. Actions that constitute prima facie evidence of reckless operation are:

A. Operating within one hundred feet of shore unless taking off or landing as provided in Section 8.60.160, or in a designated swimming areas;

- B. Over loading;
- C. Operating while under the influence of alcohol or drugs and recognizable by erratic operation.
- D. Excessive speed in violation of Sections 8.60.140 or 8.60.150;
- E. Operating in clearly dangerous areas;
- F. Operating without proper lights at night;

G. Bow, seat back, gunwale or transom riding, when operating in excess of five miles per hour unless seating is specifically designed for that location;

H. Continued use or refusal to terminate use of boat after being ordered to correct an especially hazardous condition by law enforcement officer.

8.60.180 Hazardous Conditions.

If a law enforcement officer observes any unsafe condition and determines that an Aespecially hazardous conditions@ exists, he may direct the operator to take immediate steps to correct the condition, including returning and mooring. Unsafe conditions or hazardous conditions shall include, but not be limited to, the following: A. Insufficient personal floatation devices (PFD);

- B. Insufficient firefighting devices;
- C. Overload conditions;
- D. Improper navigation light display;
- E. Fuel leakage;
- F. Fuel in bilges;
- G. Improper ventilation;

H. Improper backfire flame control.

8.60.190 Designated Areas.

It shall be unlawful to operate any vessel within one hundred feet of a public or private bathing or swimming area, which is marked by buoys or some other distinguishing device.

A violation of this section constitutes a Class 2 Civil Infraction under Chapter 1.48 of the City Code.

8.60.200 Direction of Travel.

Except as provided for in Section 8.60.160 all vessels shall keep the closest shore on the operator=s starboard or right-hand side at all times. A violation of this section constitutes a Class 2 Civil Infraction under Chapter 1.48 of the City Code.

8.60.210 Water-Skiers.

A. RCW 88.12.125 and any amendments thereto are adopted and incorporated herein as Section 8.60.210 A of the City Code.

B. The following regulations are intended to supplement the provisions contained in RCW 88.12.125 as adopted by Section 8.60.210 A of the City Code: It shall be unlawful to operate a vessel towing a person on water skis, aquaplane, or surfboard, inner tube, or other similar device unless the following conditions are strictly follows:

1. The vessel shall be manned by a operator who must be attentive to the duties of operating a vessel.

2. No vessel shall follow behind a vessel, towing a person on water skis closer than three hundred feet, or cross the bow of a towing boat closer than two hundred feet, or pass alongside a towing boat closer than one hundred feet. A vessel towing a skier is not a privileged boat, and must conform to the rules of the road.

3. It shall be unlawful to water ski from sunset to sunrise.

4. It shall be unlawful to water-ski within two hundred feet of any public boat launching area, or within two hundred feet of any dock used for fueling any vessel, or within two hundred feet of any dock or designated swimming area at a public park, or a private designated swimming area. This provision shall apply to the taking off and landing of a water-skier in any of the described areas.

C. A violation of subsections B, 1, 3 and 4 of this section constitutes a Class 2 Civil Infraction under Chapter 1.48 of the City Code. A violation of subsection B,2 of this section constitutes a misdemeanor.

8.60.220 Prevention of Noise.

A. Every motor-powered vessel shall at all times be equipped with a functioning underwater exhaust or a properly installed and adequately maintained muffler or other similar device to reduce the sound of engine exhaust, and no person shall use a cutout, bypass or similar device upon any motor-powered vessel used upon any lakes, rivers and all other waters within the corporate boundaries of the City. Nor shall a person use a muffler or pipes with pinched outlets, holes or rusted-through areas, or similar condition or defect where the result of the condition or defect does or could increase the level of noise of the motor-powered vessel vessel over the level that would reasonably result if the motor-powered vessel were equipped with standard and/or properly maintained equipment.

B. It is unlawful for any person to operate upon any lakes, rivers and all other waters within the corporate boundaries of the City, under any condition of speed, load, acceleration, or deceleration in such manner as to exceed noise level of 80 decibels

(dB), except that it is unlawful for any person to operate upon any lakes, rivers and all other waters within the corporate boundaries of the City any motor-powered vessel between sunset and sunrise where the noise level exceeds 60 dB. The noise level measurements shall be taken by a sound level meter at a distance of not less than fifty feet from the motor-powered vessel being operated.

C. The following types of sounds shall be exempt from this section:

1. sounds created by safety and protective devices where noise suppression could defeat the intent of the device;

2. sounds created by a warning device not operating continuously for more than five minutes;

3. sounds created by emergency equipment for emergency work necessary in the interest of law enforcement for the health, safety, and welfare of the community;

4. sounds created by the normal docking, undocking and water-skier pick-up and drop-off operations.

D. A violation of this section constitutes a Class 2 Civil Infraction under Chapter 1.48 of the City Code.

8.60.230 Testing.

A. When testing, as authorized in this Chapter, the provisions of RCW 8.12.089(4) shall apply to vessels designed for racing that are properly registered with the American Power Boat Association or an affiliate group, and when their registration numbers are plainly visible on the vessel. A helmet and American Power Boat Association approved jacket must be worn by the driver and mechanic if the craft is designed to carry a mechanic. Testing may be done on specific waters at specific times only. (See Section 8.60.490 of this Chapter for areas open and times allowed.)

B. Vessels testing under the provisions specified in this Chapter shall maintain a distance of four hundred feet from the shore or another vessel while speed is in excess of five miles per hour. A vessel testing for a race must follow the rules of the road and the general rules herein.

C. No unauthorized person shall operate a vessel or swim, or skin dive, within a testing course during permitted testing operations while an authorized vessel is in the testing course.

D. While testing, there must be an accompanying safety vessel in the water, with rescue personnel on board, to warn unauthorized vessels of the test. The safety vessel shall have on board fire fighting and rescue equipment.

8.60.240 Legal Age of Operation.

It shall be unlawful for any person under the age of sixteen to operate any vessel powered by a motor or motors generating a total horsepower in excess of ten horsepower; except, it shall be lawful for a person under the age of sixteen to operate a vessel powered by a motor or motors generating a total horsepower of more than ten horsepower as long as he/she is under the direct supervision of a parent or legal guardian in the vessel, or under the direct supervision of a coach or instuctor involved in an approved race or other aquatic event, or approved tests and/or trials in preparation therefor.

8.60.250 Obstructions.

When any sunken or drifting, and unattended vessel(s) or object(s) obstruct, or create a hazard to the operation of vessels on the waters of Lakewood, the City=s chief law enforcement officer or designee shall order the owner or person in charge thereof to remove or restrain the said vessel or object. Upon failure of such person to do so, or inability of the chief law enforcement officer or designee to determine the ownership of the vessel or object, the chief law enforcement officer or designee may take custody of the vessel or object and may take such reasonable steps as are needed to clear the waters of the obstruction or hazard. Expenses reasonably incurred by the chief law enforcement officer or

designee in removing and relocating a vessel or other object shall be recovered from the owner thereof, as a condition precedent to restoring the vessel or object to the owner.

8.60.260 Prohibited Operations.

A. It shall be unlawful for any person who is under the influence, or affected by intoxicating liquor, narcotic or other drugs, to operate or be in actual physical control of any vessel.

B. It shall be unlawful for the owner of any vessel or any person having such, in charge or in control, to authorize or knowingly permit the same to be operated by any person who is under the influence or affected by intoxicating liquor, narcotic or other drugs.

C. It shall be unlawful for the owner of any vessel, or any person having such, in charge or in control, to authorize or knowingly permit the same to be operated by any person who, by reason of physical or mental disability, is incapable of operating such vessel under the prevailing circumstances.

D. It shall be unlawful for the owner of any vessel, or any person having such, in charge or in control, to authorize or knowingly permit the same to be operated by any person who is under the legal age of operation, as specified in Section 8.60.240.

E. It shall be unlawful for the owner of any vessel, or any person having such, in charge or in control, to load the vessel beyond its safe loading capacity. The safe loading capacity shall be determined by the manufacturer's recommended safe load capacity as set forth in the United States Coast Guard capacity information label on the hull of the vessel, and in the absence of such label, the capacity shall be determined as follows:

The length of the vessel in feet and in tenths of feet shall be multiplied by the width of the vessel in feet and in tenths of feet, with the product thereof being divided by fifteen. The result reduced to the next smaller whole number shall be the maximum capacity of the vessel.

8.60.270 Boating Accident Reports.

A. The operator of any vessel involved in an accident resulting in injury or death to any person, or in damage to any property, shall immediately stop such vessel at the scene of such accident and shall give his name, address, and the name and/or number of his vessel, the name and address of the owner, to the person struck or the operator or occupants of the vessel collided with or property damaged and shall render to any person injured in such an accident, reasonable assistance.

B. The master, owner, or operator of any vessel involved in an accident within the City, and where death or personal injury requiring medical treatment or property damage in excess of five hundred dollars occurs, shall file a written accident report (within forty-eight hours of said accident) with the law enforcement agency of the City.

8.60.310 Skin/Scuba Diving.

A. Skin/scuba diving shall be prohibited within three hundred feet of an active public boat ramp, public fishing pier or that area generally used and recognized as the entry or exit to any regularly established marina, yacht club, boathouse or high speed vessel lanes; provided, that in the event skin or scuba divers are engaged in an aquatic event, then the restriction shall not apply for the duration of the aquatic event. Skin-diving shall be prohibited unless the diver shall be accompanied by a vessel displaying the appropriate diver=s flag, or the diving area is marked by an adequately displayed diver=s flag.

B. Subsection A shall not apply to skin/scuba diving that directly involves the repair, maintenance, survey, or other authorized activity related to an active public boat ramp, public fishing pier, or that area generally used and

recognized as the entry or exit to any regularly established marina, yacht club, or boathouse.

C. It shall be illegal for vessels to approach closer than three hundred feet of any diver=s flag raised from a vessels or float without reducing their speed to five miles per hour.

D. A violation of this section constitutes a Class 2 Civil Infraction under Chapter 1.48 of the City Code.

8.60.320 Posting of Regulations.

A. The City Manager or designee shall cause to be posed at all public boat accesses within City parks, the specific rules for each body of water as set forth in this Chapter.

B. Owners and proprietors of private boat access to waters in the City shall cause to be posted within twenty-five feet of the ramp, a copy of the specific rules as given above.

8.60.330 Swimming and Flotation Devices.

- A. Swimming shall be confined to:
- 1. Restricted swimming areas; or

2. Within a distance of one hundred feet from shore, unless the swimmer is accompanied by a vessel.

B. All bathers and swimmers shall confine air mattresses, inner tubes and other similar devices to within one hundred feet of shore unless they are accompanied by a vessel.

C. All vessels accompanying swimmers beyond one hundred feet from shore shall have a personal flotation device on board for each swimmer in addition to one for each person on board.

D. A violation of this section constitutes a Class 2 Civil Infraction under Chapter 1.48 of the City Code.

8.60.340 Unlawful Dumping.

It shall be unlawful for any person while on any vessel on the waters of Lakewood, to throw or discard into the waters any waste, debris, refuse, oil, garbage or other fluid or solid material which may pollute the water, or which may create or aggravate any conditions deleterious to the public health.

8.60.350 Unsafe Piers B Fresh Water Only.

Any pedestrian pier, gangway, dock or portion thereof leading to or on fresh water which, by reason of inadequate maintenance, dilapidation, obsolescence or damage, poses a risk of injury to person or damage to property is for the purpose of this Section deemed unsafe. All such unsafe piers, gangways and docks are declared to be public nuisances and shall be abated by repair, demolition or removed or barricaded with proper fencing until such time as all repairing thereto shall be made. Upon notification of this condition the Building Official shall take corrective action under the provisions of Uniform Building Code.

8.60.360 Applicability.

The provisions of this Article shall be applicable on all lakes, rivers and all other waters within the corporate boundaries of the City of Lakewood.

8.60.370 Safety Devices.

Every owner, agent or lessee having charge of any commercial or public pier shall furnish and keep for use on such pier, at least one serviceable thirty-inch ring life buoy for every three hundred lineal feet of mooring/docking space. Attached to said life buoy shall be at least two hundred feet of suitable line. Each ring buoy and line attached thereto shall be kept in a suitable box on the pier for the use of the public in case of accident. The box shall be labeled and be at all times kept clear of obstructions. It shall be unlawful to take away, damage, disturb or destroy said buoy or box, except for use in saving life and property.

8.60.380 Vessel Rental Period.

A. The owner or proprietor of a vessel rental or charter operation shall cause to be kept a record of the names and addresses of person or persons hiring any vessel, the identification number of such vessel, the departure date and the time, and the date and time of the return of such vessel. Such record shall be preserved for not less than six months after the departure date of such vessel and shall be kept available for inspection by any duly authorized agency or authority.

B. It shall be unlawful for the owner or proprietor of a vessel rental or charter operation to allow any vessel under his charge to depart from the premises without all the equipment required by this Article.

C. The owner or proprietor of a vessel rental or charter operation shall make known to all person hiring a vessel the rules and regulations of this Article pertaining to the operation of a vessel on the waters of Lakewood.

D The owner or proprietor of a vessel rental or charter operation shall obtain a business license from the City and shall comply with all requirements and conditions for such business license.

8.60.390 Regattas, Races or Aquatic Events.

A. ARegatta@ or Arace@ or Aaquatic event@ means an organized water event of limited duration, which is conducted according to a prearranged schedule.B. An individual or organization planning to hold a regatta, race or aquatic event which, by its nature, circumstances or location may introduce extra or unusual hazards to the safety of life on the waters of Lakewood, shall submit an application to the City Manager or designee, which shall be reviewed by the City=s chief law enforcement officer, and the directors of other affected departments as determined by the City Manager or designee for approval of application, which shall be sent to the City Manager or designee for final approval.

C. Where such events are to be held regularly or repeatedly in a single area by an individual or organization, the City Manager or designee may, subject to conditions set from time to time by the City Manager or designee, grant a permit for such series of events for a fixed period of time, not to exceed one year.

D. The application shall be submitted no less than ninety days prior to the start of the event.

E. The application shall include the following details:

1. The name and address of sponsoring organization;

2. The name and address and telephone number of persons or persons in charge of the event;

3. Nature and purpose of event;

4. Information as to general interest;

5. Estimated number and types of vessels participating;

6. Estimated number of spectator vessels;

7. Estimated number of persons, participants and all others;

8. Minimum number of vessels and persons furnished by sponsoring organization to patrol event;

9. A time schedule and description of events;

10. A section of a chart or scale drawing showing the boundaries of the event, various water courses or areas to be utilized by participants, officials and spectators.

F. Upon receiving an application to hold a regatta, race or aquatic event, the City=s law enforcement agency and such other departments as the City Manager or designee may designate shall take the following actions or make the following determinations:

1. That the proposed regatta, race or aquatic event may be held at the proposed location with safety to life;

2. That the interest of safety of life and property requires changes in the application before it can be approved;

3. That the event requires no regulation or patrol at the proposed location;

4. That the application be recommended for approval or rejection by the City Manager or designee for stated reasons;

5. The application shall be sent with recommendations to the City Manager or designee not less than thirty days prior to event.

G. The City Manager or designee shall require that the sponsoring group post notice in the local paper and/or at the proposed site of the event, prior to taking action on the application. The City Manager or designee may also, before taking action on the application, require the sponsoring organization to petition or poll the property owners on the lake which would be affected by the event.

H. The City Manager or designee may close for general use, any part or whole of a lake for the purpose of the event; provided, the approval of the application is on the condition that all terms specified in the application be met by the sponsoring group.

I. If the chief law enforcement officer of the City or designee deems safety requires, one or more vessels available to the City=s law enforcement agency may be assigned to the event for the purpose of enforcing not only the event regulations, but also for assistance work and the enforcement of laws generally. Additionally,where law enforcement services are utilized in connection mwith a regatta, race or aquatic event, the approval of the application may include reimbursement of the costs of such law enforcement services.

J. Nothing in the provisions of this Article shall be construed to mean that the operator or a vessel competing in a race or regatta or trials therefor which has been duly authorized by the City Manager or designee, or an operator engaged in industrial development and testing of experimental and product vessels, shall be prohibited from attempting to obtain high speed on racing and testing courses duly designated by the City Manager or designee nor while so engaged, shall such vessels or operators be required to comply with RCW 88.12.085.

K.
