Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The FY 2019 Consolidated Plans for the Tacoma-Lakewood Consortium provide a framework for addressing housing and community development needs in these cities. The Plans are developed for the U.S. Department of Housing and Urban Development to define how funding is to be allocated for the following federal programs: the Community Development Block Grant Program (CDBG), HOME Investment Partnership Act (HOME), and for the City of Tacoma, Emergency Shelter Grants (ESG).

The FY 2019 Annual Action Plan (July 1, 2019 – June 30, 2020), Lakewood's fifth, and final, under the 5-YR Consolidated Plan (2015-2019), is a one-year plan that addresses local community and economic development needs and the resources necessary to meet the needs of low and moderate income households. The Plan identifies unique needs and assets in Lakewood and Tacoma, as well as on a regional basis. Goals and priorities of the Annual Action Plan are to be consistent with national objectives and priorities established by HUD and shall be consistent with the goals and strategies identified in the 5-YR Consolidated Plan.

Strategies identified in this Plan were built upon a broad citizen participation process in consultation with public and private agencies. Through this planning process, the FY 2019 policies and priorities were developed to improve economic opportunity and investment through improvements to infrastructure and public facilities, revitalize neighborhoods through removal of blight and targeted investment, eliminate threats to public health and safety, and to preserve and/or expand affordable housing choice for low and moderate income individuals. Subsequently, the Lakewood City Council adopted policies and priorities on the use of FY 2019 CDBG and HOME funds.

In FY 2019, CDBG funds will complete the 5-year funding cycle with a focus on physical/infrastructure improvements, housing, and public services. No funding will be allocated to economic development activities in 2019.

First Amendment- FY 2019 AAP:

This Amendment includes \$350,611 in CDBG-CV funding as authorized by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), Public Law 116-136 to be used to prevent, prepare for, and respond to the coronavirus outbreak. Funding in the amount of \$350,611 is being allocated in support of a Small Business Emergency Services Program which will provide much needed capital to small

businesses (10 employees or fewer) impacted by the ongoing coronavirus shutdown in effort to sustain these business from shuttering their doors and laying off employees.

Second Amendment- FY 2019 AAP:

Allocates \$456,726 in CDBG-CV3 funds and \$246,700.59 in unexpended CDBG-CV1 funds for emergency payments for rental and mortgage assistance to low income individuals affected by the coronavirus pandemic. No other changes are proposed.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The 2019 Annual Action Plan will complete the City's five year funding focus on the following priority needs identified in the 5-YR Consolidated Plan: 1) Need for affordable housing; 2) Need for basic services and for homeless prevention and intervention; and 3) Need for community and economic development. For 2019, funding will focus on community and economic development with funding allocated for infrastructure improvements in census tract 072016, and in support of job training programs for low income individuals facing multiple barriers to employment such as lack of childcare, transportation, and housing. Funding in support of affordable housing choice will concentrate on homeowner rehabilitation/repair programs, down payment assistance, and the development of new housing for low income households.

Recommended funding allocations for FY 2019, including the reprogramming of unexpended FY 2016 and 2017 funding, include:

- *Physical/Infrastructure Improvements* – A total of \$164,257.17 is recommended for neighborhood-related infrastructure improvements.

- *Housing Improvements* – Funding in the amount of \$159,884.09 and \$41,324.09 (2016 Low Income Street Lighting - \$21,062.43; 2017 Administration - \$18,572.92; and 2017 Section 108 Repayment \$1,688.74) in reprogrammed CDBG funding are recommended in support of the Major Home Repair/Sewer Loan Program; and \$30,357.94 in support of CDBG Administration of HOME housing activities. A total of \$140,000 in program income is recommended for continued support of Major Home Repair program (CDBG - \$65,000) and Neighborhood Stabilization Program activities (NSP1 - \$75,000).

In addition to the \$231,566.12 in CDBG funding for housing-related activities, a total of \$273,330 in HOME funding is recommended in support of housing activities (HOME Affordable Housing Fund - \$225,000; and HOME Housing Rehabilitation - \$48,330). HOME funding allocations for Lakewood may be found in Tacoma's 2019 Joint Consolidated Annual Action Plan.

• *Public Services* – ~~\$45,000 is recommended in support of job training /apprenticeship programs for low income individuals. Funding in support of public and human services programs is also being provided as part of the City's 1% General Fund allocation.~~ \$456,726 in CDBG-CV3 and \$246,700.59 in CDBG-CV1 funds are to be allocated in support of emergency payments for rental and mortgage assistance to low income individuals affected by the coronavirus pandemic.

• *Economic Development* – ~~No funding recommended.~~ A total of \$103,910.41 ~~\$350,611~~ in CDBG-CV1 funding is being added in support of an emergency business assistance program to respond to the growing effects of the coronavirus health crisis with a focus on job retention/creation activities for low income individuals.

• *Administrative Activities* – Funding in support of general administrative activities for CDBG are recommended at \$112,624.80.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The 5-YR Consolidated Plan (2015-2019) for Lakewood and Tacoma identified three primary goals: 1) Increase and preserve affordable housing choice; 2) Reduce homelessness and increase stability; and 3) Improve infrastructure, facilities and economic development. As the Consolidated Plan moves into its fifth and final year, a look back to previous funding cycles reveals a concerted effort to further community and economic development gains through investment in infrastructure improvements and continued investment in housing preservation. Over the previous four years, the City has struck a course balancing the need for affordable housing opportunity, the creation of suitable living environments, and the expansion of economic opportunity through strategic investment in community facilities and improvements to infrastructure in many low income neighborhoods.

Lakewood, not unlike other communities, continues to find itself with an ongoing need to maintain and update infrastructure necessary to fuel and maintain a healthy, vibrant community. It is this investment in roads, sidewalks, facilities and services that drives society forward, fosters economic investment, and forms the very foundation of community through connectivity and access for all. Evidence of this type of investment over the most recent five years can be seen in Lakewood's funding of roadway and accessibility improvements along 108th St. SW, multiple low income street lighting projects, and roadway and storm water improvements to 123rd St. SW.

Other areas of concern for low and moderate income populations continues to be housing choice and access to decent affordable housing, especially those in metropolitan areas. As many west-coast cities witness year after year of double digit median home price increases, housing stability and affordability are quickly becoming an everyday concern for many low and moderate income families. With income growth lagging behind, sustainable long-term housing strategies are likely the next big hurdle for many communities to overcome. This is especially true in Pierce County where the median home price has continued to grow at a nearly 10 percent clip while at the same time annual wages have seen growth of less than 4 percent.

The City of Lakewood fully expects to meet the benchmarks established in the 5-YR Consolidated Plan. A complete evaluation of the performance measures, including program spending accomplishments, will be provided as part of the Consolidated Annual Performance Evaluation Report (CAPER) for FY 2019.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The FY 2019 Annual Action Plan was developed in coordination with the City of Tacoma and local organizations, agencies, and stakeholders. The Plan was developed in accordance with requirements established by the U.S. Department of Housing and Urban Development and the Citizen Participation Plan as adopted by the City of Lakewood. Citizen activities included notification in the Tacoma News Tribune on September 19, 2018 of an October 4, 2018 public hearing held by the Lakewood Community Services Advisory Board (CSAB) on the acceptance of proposals for FY 2019 (July 1, 2019 – June 30, 2020) Community Development Block Grant (CDBG) and HOME Investment Partnership Act (HOME) programs. Citizen input was solicited to identify community and economic development, housing, and public service's needs.

Notification of the Draft FY 2019 Annual Action Plan was published on March 29, 2019 in the Tacoma News Tribune indicating where the document were available for review during the 30-day citizen comment period (April 1, 2019 – April 30, 2019). A public hearing by the Lakewood City Council were held on April 15, 2019 to solicit comments from citizens, local for-profit and non-profit agencies, neighborhood associations, the State of Washington, Pierce County, City of Tacoma, local public housing authorities, and other interested parties on the draft document. Copies of the Plan were made available to those requesting copies. Records on the proposed economic development, housing, public service, and community development projects were made accessible to the general public. Comments received at the public hearings held by the Lakewood CSAB and Lakewood City Council are summarized later in this report.

In accordance with the City's Citizen Participation Plan, projects that are substantially changed are submitted to the Community Services Advisory Board for comment, a 30-day citizen comment period is observed, and are then forwarded on for implementation by Council.

In an effort to expedite funding process and delivery of assistance to those affected by the COVID-19 outbreak, HUD issued the following memorandum titled, Availability of Waivers of Community Planning and Development (CPD) Grant Program and Consolidated Plan Requirements to Prevent the Spread of COVID-19 and Mitigate Economic Impacts Caused by COVID-19. The purpose of the memorandum was to provide a simplified notification process including waivers of specific regulatory processes associated with various CPD-administered grant programs. Included was a waiver of the 30-day public hearing comment period in favor of a 5-day comment period, and waiver of reasonable notice and opportunity to comment due to the limitation on public gatherings in favor of allowing grantees to determine what constitutes reasonable notice and opportunity to comment given the current circumstances in dealing with the effects of the coronavirus.

On April 24, 2020, the City provided HUD with the appropriate notice thereby reducing the City's public comment period to 5 days and made the amendment widely available to the general public for comment by way of the City's website and by posting on various social media platforms including, Facebook, Twitter, Instagram, and LinkedIn.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

The FY 2019 Annual Action Plan was developed to provide a general framework for addressing housing and community development needs in the City of Lakewood. In a larger sense, the plan involves a regional element to coordinate and address economic development, transportation, public services, special needs, housing, and homelessness throughout Pierce County. Coordination included consultation with the City of Tacoma, Pierce County, Pierce County Housing Authority, the Tacoma Housing Authority, and other stakeholders as provided in the Plan.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

As part of the planning process, the City of Lakewood established a committee to provide public oversight, comment on the process, and to make funding recommendations for both the CDBG and HOME programs. As part of the development of the 5-YR Consolidated Plan (2015-2019), the City solicited input through interviews, meetings, and public hearings to determine community need, priorities, and approaches to meeting those needs. Since the development of the 5-Year Plan, the City has continued to consult with many of the agencies and organizations originally polled.

The Pierce County Housing Authority and the Tacoma Housing Authority continue to work closely with the cities of Lakewood and Tacoma coordinating efforts to improve housing choice for low income households in both communities. Additionally, local housing and services providers such as Living Access Support Alliance (LASA), Greater Lakes Mental Health, Tacoma-Pierce County Habitat for Humanity, the Homeownership Center of Tacoma, Associated Ministries, Tacoma Area Coalition of Individuals with Disabilities (TACID), the Fair Housing Center of Washington, and the Tacoma Pierce County Affordable Housing Consortium among others continue to provide input and support for mental health, services, and housing options both in Lakewood and Tacoma.

As part of the City's human services funding process, monthly coalition meetings are held at the City to bring together non-profits, service providers and governmental agencies to help determine and better understand the need for housing and human services in Lakewood and throughout Pierce County. Consultation with Joint Base Lewis McChord was also conducted as a part of the consolidated planning process to determine what level of assistance military personnel and veterans were experiencing with housing need, health and human services, and mental health care assistance.

Lakewood sought comment internally from City departments on housing and community development needs and services to low income and special needs populations. On a regional level, the City consulted with Pierce County Community Connections, the City of Tacoma, United Way of Pierce County, the Pierce County Housing Authority, Tacoma-Pierce County Habitat for Humanity, local school districts, police and fire departments, and the State of Washington to better understand the needs of at risk populations such as homeless families with children, victims of domestic violence, individuals with disabilities, ethnic minorities, and the elderly.

Additional efforts to enhance and coordinate efforts between housing, health, and services providers are described throughout the Plan.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Cities of Tacoma and Lakewood are actively engaged members of the Tacoma/Lakewood/Pierce County Continuum of Care. The three jurisdictions are the three most involved governmental entities in the Continuum, cooperatively working on programs to meet needs for housing and services. Both Tacoma and Lakewood support the Continuum's priorities focusing on the needs of the most vulnerable populations including chronically homeless persons, unaccompanied youth, families with children, and veterans, among others. The Continuum's Centralized Intake System (Access Point 4 Housing (AP4H)) is supported by both Tacoma and Lakewood and is designed to provide assessment and rapid placement in appropriate housing, reducing vulnerability and increasing stability. The partnership strives to ensure the needs of its most vulnerable populations are met; something proving more challenging as funding sources dry up and the demand for services and housing options for the homeless and those at risk of homelessness continue to grow.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The Cities of Tacoma and Lakewood work closely with the Collaborative Applicant of the Continuum of Care (Pierce County) planning for allocation and use of Emergency Solutions Grant (ESG) funds. ESG policies and procedures were created and are updated periodically in cooperation with Pierce County and Tacoma to ensure that ESG subrecipients are operating programs consistently across eligible activities. Performance is reviewed by both entities. The Collaborative Applicant is also the HMIS lead

and works closely with City of Tacoma to maximize use of HMIS resources and to draw data for reports on project performance and program outcomes.

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

Funding for FY 2019 is provided by the U.S. Department of Housing and Urban Development through the Community Development Block Grant (CDBG) Program. Additional programmatic funding is being generated through program income and the reprogramming of unexpended funds from fiscal years 2016 and 2017. All funds received, and otherwise reprogrammed, will be allocated to activities in support of the goals and objectives identified in the 5-YR Consolidated Plan.

CDBG funding in FY 2019 will complete the City's five year focus on improvements to infrastructure and capital facilities with additional funding allocated to the preservation of affordable housing choice. Investments include energy efficiency street lighting improvements to low income block groups in census tract 072106 and housing rehabilitation activities meant to increase and preserve affordable housing choice for low income families and individuals. Additional activities in support of affordable housing choice include the funding of the HOME Affordable Housing Fund, which is intended to support the development of new housing and homeownership opportunities for low income households.

Public services activities will focus on access to economic opportunity through job training and apprenticeship programs for low income individuals facing multiple barriers such as lack of childcare, transportation, housing, and lack of education or training. Additional funding for public service activities will be supported with General Fund dollars in accordance with a City Council-adopted strategic plan for human services. Homeless prevention services, specifically relocation assistance for low income individuals displaced through no fault of their own during fire or code enforcement actions, will continue to be addressed with General Fund dollars and unexpended FY 2017 CDBG funding. Finally, activities seeking the promotion of livable or viable communities are to be addressed through the elimination of slum and blight conditions in communities adversely impacted by disproportionate foreclosure and vacancy rates through the City's Neighborhood Stabilization Program 1 Dangerous and Nuisance Abatement Revolving Loan Fund.

The City of Lakewood has used a conservative approach to estimating anticipated CDBG and HOME allocations and program income to be received during the 2019 Annual Action Plan funding cycle.

Section 108 income of \$60,419.70 is not included in this total. CDBG-CV funds in the amount of \$350,611 are included in CDBG annual allocation amount for 2019 bringing the total to \$913,735 (\$563,124 in CDBG entitlement funds; \$350,611 <u>\$807,337</u> in CDBG-CV funds). Table 1 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

Leverage ratios are expected maintain at levels similar to those seen in fiscal years 2017 and 2018 as funding continues to be allocated to small-scale infrastructure projects and housing rehabilitation related activities, traditionally low leverage ratio activities. Housing rehabilitation activities undertaken as part of the Major Home Repair program do not utilize match or leverage funding. The Major Home Repair program provides loans to low income households to maintain their existing home where funding would otherwise be unavailable or out of reach for many households with limited incomes. Additional activities include debt service of Section 108 funding used for infrastructure improvements, energy efficiency street lighting improvements in census tract 072106, and job training/apprenticeship programs for low income individuals; of which, only the job training/apprenticeship program will provide leveraged funding at a rate of 10.33:1 (leveraging \$465,000 with \$45,000 investment).

With funding options for infrastructure projects dwindling and the need to replace aging infrastructure growing, many communities are faced with the very real possibility of not being able to keep up with infrastructure maintenance or replacement. Historically, the CDBG and HOME programs have provided a breakwater to communities struggling to balance infrastructure needs with economic development, housing, and human services needs for low and moderate income populations. As these funds have continued to diminish, many jurisdictions have been left to scramble to fill the void.

HOME funds match requirements and leverage is provided as part of the Tacoma-Lakewood HOME Consortium and is reported in Tacoma's portion of the Plan.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

No publicly-owned land or property is scheduled to be included as a part of this plan.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Through a planning and citizen participation process, FY 2019 policies and priorities were developed for addressing community and economic development, removal of blight, revitalizing underserved neighborhoods, eliminating threats to public health and safety, and conserving/expanding stocks of affordable housing. Included in this process was a review of alternative funding sources, including City General Funds, State and other local funding sources available to meet an array of needs. As a result of this process, the Lakewood City Council adopted the following policies and priorities for the use of FY 2019 CDBG and HOME funds in order of priority:

1. Physical Infrastructure Improvements
2. Housing
3. Public Service
4. Economic Development

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

In targeting CDBG and HOME funds, the City has typically looked to block groups with at least 51% low and moderate income populations as many of Lakewood's minority and ethnic populations continue to be concentrated in these areas. Many of these block groups tend to have a higher concentration of renter-occupied housing units that suffer from a general state of slums and blight, large concentrations of aged housing stock suffering from a lack of routine maintenance, and infrastructure improvements that are either inadequate or are outdated in accordance with current development requirements.

In Lakewood's final year of the 5-YR Consolidated Plan (2015-2019), funding prioritization will focus on infrastructure investments to low income neighborhoods where the infrastructure is either lacking or inadequate to ensure public safety and accessibility, and on increasing and preserving affordable housing choice through housing rehabilitation and the construction of new affordable homes. Funding for street lighting improvements in 2019 seeks to address infrastructure investment in Census Tract 072106 by installing street lighting where no or limited lighting exists. The City plans to continue targeting the low income Census Tract 072000 with its Major Home Repair/Sewer Loan Program which assists low and moderate income homeowners with connection fees and construction costs associated with the connection to sewers. For all other funding, the City has not identified specific targeted areas; programs are open to all eligible low and moderate income individuals city-wide.

Discussion

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

An area of great concern for low and moderate income populations continues to be housing choice and access to decent affordable housing, especially those in metropolitan areas. Although household incomes have seen increases in all four previous years of the 5-YR Consolidated Plan, Lakewood's median income of \$47,636 (2013-2017 American Community Survey) remains far below that of the county (\$63,881) and the United States (\$57,652). Of additional concern is Lakewood's apparent concentration of families living below the poverty rate- 15% compared to 8.3% for the county and 10.5% for the United States (2013-2017 American Community Survey). Even though median incomes have risen each of the last four years, so have housing related expenses, leaving little relief for low income households who are traditionally burdened with housing related expenses exceeding 30 percent of household income.

With the median home price in Lakewood at \$232,600 (2013-17 American Community Survey) and percentage increases continuing into the double digits, the dream of owning a home remains out of reach for many, if not all low income households. Echoing this problem is the steady increase in the cost of rents year over year. With the median gross monthly rent now standing at \$926 (2013-2017 American Community Survey), housing cost is easily outstripping income growth, especially for low and moderate income households. These issues of rising housing costs relative to household incomes become strikingly apparent when looking at the percentages of Lakewood households where monthly housing cost exceeds 30 percent of household income- 36.8% for households with a mortgage and 56.7% for households who rent (2013-2017 American Community Survey).

As market forces push investment toward more profitable market rate housing, the lack of investment in and increasing need for affordable housing is placing an ever-increasing demand on communities to develop affordable housing options for low and moderate income households.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City of Lakewood encourages the development of affordable housing through the City's Comprehensive Plan. The Plan addresses future housing needs for current and future residents of all incomes. Policies offers density bonuses to developers of affordable housing, encourage infill housing, cottage-style development, changes in zoning to permit higher densities, and incentivizes the construction of affordable housing.

Additional means used to encourage affordable development is through the City's Multifamily Tax Credit program which allows developers to defer taxes on valuation improvements for all housing repairs for up to 12 years within certain urban use centers. This is especially important in areas where development is stymied by conditions of blight, the lack of infrastructure, or where rents are not conducive to sustaining redevelopment activities. With the tax deferral, the development of new housing or the modernization of existing substandard units can be incentivized as a means of neighborhood revitalization.

Discussion

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

Actions planned to address obstacles to meeting underserved needs

The City will continue to support fair housing education and other activities that support fair housing for all. Potential activities include workshops focused on education and the equal application of landlord/tenant and fair housing laws and relocation assistance for individuals at risk of homelessness through no fault of their own due to discriminatory housing practices, or as a result of building and code enforcement closures, fires, or redevelopment activities. Funding for Lakewood's relocation assistance program is provided through unexpended CDBG funding allocated in FY 2017, and a grant provided by the Nisqually Indian Tribe.

In FY 2019, the City will continue to offer an emergency housing repair program for households that do not qualify for the City's CDBG and HOME-funded programs. The program will utilize grant funds provided by the Nisqually Indian Tribe to make emergency repairs to low income, owner-occupied households who otherwise lack the means or the equity to make the necessary repairs.

Efforts to address unequal access to economic opportunity are to be made through support of job training/apprenticeship programs for low income individuals facing multiple barriers such as lack of childcare, transportation, housing, and lack of education or training. Training will focus on pre-apprenticeship technical and trade skills associated with the construction-related fields.

Additional actions to address the needs of Lakewood's underserved population are addressed with a 1% allocation from the General Fund; strategic priorities include stabilization services, access to health and behavioral health, youth programs, and housing assistance.

Actions planned to foster and maintain affordable housing

Lakewood recognizes the importance affordable housing and homeownership play in building vibrant communities. In 2019, the City continues its partnership with Tacoma-Pierce County Habitat for Humanity and the Homeownership Center of Tacoma in redeveloping vacant, abandoned and blighted properties into new homeownership opportunities for low income families. Both partners are actively acquiring troubled properties in Lakewood and have multiple active construction sites.

Efforts to maintain existing owner occupied housing are supported through the Major Home Repair/Sewer Loan Program, HOME Housing Rehabilitation, and Nisqually Repair Funds, while multifamily housing is supported and encouraged with Lakewood's HOME Affordable Housing Fund as

well as through zoning density bonuses offered to developers of affordable housing. With homeownership opportunities becoming more difficult as housing prices creep higher, the City offers low income homebuyers aid with down payment assistance programs designed to help meet the minimum cash investment necessary to qualify for a conventional home loan.

Rental affordability and habitability remain a priority for the City. With approximately 53 percent of Lakewood's housing stock being rental, and more than 65 percent of Lakewood's housing stock constructed prior to 1960, there exists the real possibility that a larger percentage of that stock lacks adequate and proper maintenance. To such end, in 2017, the City began its Rental Housing Safety Program (RHSP) which requires all residential rental properties (apartments, single family homes, duplexes, etc.) within the Lakewood city limits be registered on an annual basis and to maintain specific life and safety standards for those properties. Inspections of rental properties began in April 2018. Initial returns show that approximately 80 percent of rental units have complied with the program and registered their rental properties through the City's portal. In 2018, a total of 485 rental properties and 1,685 individual rental units were inspected through the program. Of those units inspected, the City has seen an 83.5% initial inspection failure rate with most common failure items being lack of GFCI electrical protection, missing or nonfunctional smoke and carbon monoxide detectors, electrical hazards, and compromised or failing structural components.

Since substandard housing disproportionately affects the poor, working class families, seniors, the disabled, and persons who suffer from chronic illness, it is the aim of the RHSP to eventually eliminate all substandard rental housing in Lakewood and by doing so, to improve not only the quality of life for low income individuals, but the lives of all Lakewood residents.

Actions planned to reduce lead-based paint hazards

In accordance with the Washington State Renovation, Repair and Painting Program and 24 CFR Part 35, subparts A, B, J, K, and R, the City of Lakewood requires that all projects/homes receiving CDBG or HOME funds that were built prior to 1978, with construction costs over \$5,000, be inspected and analyzed for the presence of lead-based paint or are to be presumed to contain lead. All lead hazards be identified through this process are required to be brought into compliance with Title X of the Housing and Community Development Act of 1992 as part of the project's scope of work. CDBG and HOME funds may be provided for testing, risk assessment, and clearances for eligible activities.

With approximately 65% of Lakewood's 26,453 housing units being built prior to 1978, there exists the potential for some 17,000 housing units to contain lead-based paint hazards. To inform the community of the hazards of lead-based paint, the City offers copies of the EPA's "Protect Your Family from Lead in Your Home" and HUD's "Renovate Right" pamphlets at City Hall and provides copies of these pamphlets to all housing repair program applicants. As part of the City's single and multifamily housing programs, XRF paint inspections and Risk Assessments are conducted, lead-safe work is conducted by Washington

State certified RRP renovation contractors, abatement work is conducted by certified abatement contractors, and Clearance testing of all disturbed surfaces is performed by certified Risk Assessors.

In FY 2019, the City expects to conduct lead paint inspections on all pre-1978 properties funded with the down payment assistance program and all properties where persons are relocated to with the Emergency Assistance for Displaced Residents. Risk assessments are to be conducted on all pre-1978 homes served by housing repair programs where painted surfaces are to be disturbed as part of the scope of repairs. When completed, all homes will be free of lead-based paint hazards.

Actions planned to reduce the number of poverty-level families

Actions to reduce the number of poverty-level families include the funding of vital services and programs focused on outcome driven, client centered services that lead to housing stability and economic opportunity. Funding through the 1% human services allocation is targeted to programs that provide low income households with housing stability, basic needs (health, food, clothing, etc.), and services directed towards self-sufficiency (domestic violence, child care, job training, client advocacy, homeless services etc.). For 2019, the City has allocated \$360,000 in General Fund dollars in support of these programs.

Lakewood understands an important vehicle for moving low and moderate income persons from a state of poverty to one of self-sufficiency is housing stability. Whether housing stability can be achieved through safe, decent affordable rental housing or through affordable homeownership opportunities, the benefit of a stable, affordable housing has long been a pathway to economic mobility. It is with this in mind the City of Lakewood continues to offer affordable homeownership opportunities through its down payment assistance program and partnerships with Habitat for Humanity and the Homeownership Center of Tacoma. Additional measures come in the way of the City's housing rehabilitation programs which focus on maintaining housing affordability through remedying deferred maintenance and code related deficiencies for owner occupied properties.

Additional effort to reduce the number of poverty-level families include support of job training and apprenticeship programs for low income individuals facing multiple barriers to employment such as lack of education or training, transportation, and childcare. Training will focus on technical/trade skills and certifications associated with direct employment opportunities or entry into apprenticeship programs within the construction industry. With projected growth in the construction industry of up to 11 percent by 2026 (Employment Projections 2016-26, Bureau of Labor Statistics, January 30, 2019) and wages well above the national median annual wage, opportunities exist for low income individuals, with or without post-secondary education, to earn a decent family wage and lift themselves from poverty.

Actions planned to develop institutional structure

In an effort to better coordinate expenditures of the U.S. Department of Housing and Urban Development-funded CDBG and HOME programs and the General fund-funded human services program, the City has tasked the Community Services Advisory Board (CSAB) with policymaking and general funding recommendation authority as they relate to community development and human services activities city-wide. Board responsibilities include facilitating the cooperation and coordination of human services and Consolidated Plan activities, holding public hearings to receive input on community development and human service's needs, developing policy guidance and program evaluation criteria, and making funding recommendations. On the human services side, the Board is responsible for reviewing needs assessments and gap analyses in order to develop a strategic action plan. Additionally, the Board provides guidance and recommendations in preparing the City's CDBG and HOME funding policies and priorities, Consolidated Plan, Annual Action Plan, and Consolidated Annual Performance Evaluation Report. As part of the Section 108 process, the Board serves as a review panel for potential loan applicants.

With regard to the Tacoma-Lakewood HOME consortium and the allocation of HOME funds, the City of Tacoma has established the Tacoma Community Redevelopment Authority (TCRA), a public corporation organized and dedicated to the administration of federal grants and programs such as the Community Development Block Grant and HOME Investment Partnerships Program. The TCRA is responsible for administering the HOME Program, including the review of all housing programs for both Tacoma and Lakewood. The Board is staffed by ten Board members and is supported by City of Tacoma staff.

Actions planned to enhance coordination between public and private housing and social service agencies

The City is the convener of monthly human services Collaboration meetings. Collaboration partners include for-profit and nonprofit providers of housing, services, homeless programs, dv and family services, youth programs, food banks, and healthcare services.

Pierce County homeless providers, developers and governmental agencies have joined to develop a comprehensive plan for a coordinated care system for the homeless with the goal of ending homelessness in the county. In 1996, the Tacoma/Pierce County Coalition for the Homeless created the Pierce County Continuum of Care (CoC) to serve as the planning body of this Coalition. Lakewood is a member of the CoC and participates in the monthly meeting to discuss issues related to the activities of the long-range plan of reducing homelessness.

With the continued growth in homeless populations seemingly everywhere comes a need to focus effort and resources in combating this growing problem. As a member of the Tacoma/Pierce County Coalition,

Lakewood continues to work with Tacoma and Pierce County in adapting the Continuum to better target the causes and solutions to chronic homelessness throughout Pierce County using emerging best practices and a comprehensive outreach strategy. Efforts include developing a housing first approach that addresses a wide array of causes and solutions, including using data to quickly and effectively move people from homelessness, using a comprehensive outreach strategy to engage unsheltered individuals, and linking housing and human services with job training, skills training or education to ensure every individual has the means to exit homeless and the wherewithal to remain housed once they've exited homelessness.

The City continues to maintain collaborative relationships with many nonprofit agencies, local housing authorities, mental and social service agencies, and local and State governmental agencies to provide access to health care and other programs and services, provide a continuum of affordable housing, support education and training opportunities to aid in obtaining livable-wage jobs, and promote services that encourage self-sufficiency as a lasting solution to breaking the cycle of poverty.

Community Housing Programs

City of Lakewood

6000Main Street, Lakewood WA 98499

Dear Jeff,

It seems every organization in our community has been adversely impacted by COVID-19 and Habitat for Humanity is no exception. In addition to closing our retail stores, furloughing 17 staff members, closing construction sites to all volunteers, many of our homeowners are unable to make their mortgage payments.

As you consider how the county should distribute funds to aid the community during this crisis, we urge you to **include funds for mortgage relief for low - income homeowners and funding for increased housing counseling**. The last recession resulted in a sea for foreclosures (disproportionally by families of color) and entire neighborhoods flipping from

homeownership to rental housing owned by national investment groups. This is an ugly chapter we cannot repeat.

As of April 15th, 10% of Habitat Homeowners have expressed need for mortgage assistance due to job loss and we are bracing for this number to increase as this pandemic continues. In the next 12-24 months, we anticipate the community will have a dramatic increased need for foreclosure prevention and mortgage assistance. Foreclosures result in years of trashed credit, emotional scars and displacement. And every homeowner that loses their home becomes another person looking for affordable rental housing that our community was already in dire need of *before* COVID-19.

The National Low Income Housing Institute has warned that as the pandemic wears on, we can expect the number of households experiencing housing instability to increase rapidly and they will need someone to turn to for help. Habitat is committed to providing that support.

It may interest you to know, Habitat is in process of becoming a HUD certified counseling agency – an endeavor we began before the pandemic. When this certification is complete, we will be **only the second HUD certified counseling agency in Pierce County** and are prepared to roll out a robust foreclosure prevention program for our modest-income neighbors. Facing a recession estimated to be greater than that of 2008, Habitat is committed to helping families maintain the stability and self-reliance homeownership provides.

I look forward to discussing with you how Habitat can partner with you to serve local families with foreclosure prevention and mortgage assistance. Please give me a call at 253.255.9065 or email at mfife@tpc-habitat.org.

In partnership,

Maureen Fife

Mr. Gumm:

I own a Lakewood-based business, Tacoma Trophy. I understand the Small Business Emergency Services Program aims to sustain Lakewood businesses. With that goal, I urge the council and city leaders to use the funding available for grants to Lakewood businesses. I further urge the council and city leaders to enable businesses receiving those grants to use the funding where the business needs it most. I urge the city to refrain from adopting highly restrictive or prescriptive grant conditions. In the current economic climate, those businesses operating in a reduced capacity or not operating at all need the flexibility to stretch what money they can get to cover what's most significant for them and their operations. Businesses lucky enough to receive PPP funding, EIDL funding, county loan funding or other funding generally cannot apply any of that money toward equipment lease payments, vendor payments or federal payroll taxes. Yet, these obligations amount to sizable expenses each month, and businesses that fall too far behind on these types of payments risk losing everything.

Hi Briana,

I wanted to reach out to share one thing to consider for the CARES funding program I read about on the city Facebook page. Please consider devoting some of the funding to stabilizing child care options in Lakewood. There are numerous licensed family child care providers and small centers within the city limits and they are essential to the success of other businesses.

Child care operates on razor thin margins so any disruption to enrollment and revenue can have dramatic impacts on their ability to stay open. Some providers have already closed their doors for various reasons.

According to a survey of 11,500 child care providers conducted by the National National Association for the Education of Young Children (NAEYC) from March 12-25, nearly 50% say they would not survive a closure of more than two weeks without significant public investment and support, and 25% say they don't know how long they could close and still re-open without support.

Please consider supporting child care providers with grants to stabilize and support their businesses.

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570.

Following a Plan -- It is following a current consolidated plan that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year 2019, shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.
